Who We Are: The North King County Mobility Coalition (NKCMC) was formed in the Fall of 2010. Membership currently includes transportation service providers, human service agencies, and residents and city agencies of North Seattle, Shoreline, Lake Forest Park, Kenmore, Bothell, Lake City, and Woodinville.

VISION: A transportation network that allows all people to move freely around North King County.

GOALS:
1) Facilitate mobility improvement projects for special needs populations in North King County;
2) Improve education and awareness of transportation resources; and
3) Coordinate with members and service providers to identify transportation challenges.

Our Activities: We bring together individuals and organizations with a common interest in human service transportation to increase awareness of and expand services for North King County residents. We focus on populations including (but not limited to) older adults, youth, people experiencing homelessness, veterans, low-income individuals, families, and people with disabilities.

Together we identify transportation service gaps and untapped opportunities in our community. Based on that knowledge, we strive to leverage existing resources and catalyze local projects to improve mobility in North King County.

Our Meetings: The Coalition meets every other month via Zoom beginning in February on the fourth Thursday from 10:15 am -12:00 pm. Additional meetings are scheduled as needed.
