SKCMC Vision & Mission Statement

**Vision:** A transportation network that allows all people to move freely around South King County that is accessible, safe, affordable, dependable, and convenient and allows the community to be connected to each other, to essential resources, and to opportunity.

**Mission Statement:** The South King County Mobility Coalition (SKCMC) continuously identifies, and initiates coordinated, creative, sustainable ways to assist individuals, including older adults, youth, persons with disabilities, limited English speakers, Veterans, and low-income individuals in South King County reach their potential by increasing their transportation options.

SKCMC Fiscal Year 2023 Priorities

**Priority 1** Maintain and expand the diversity of SKCMC partnerships to include transportation providers, cities, advocates, human service providers, tribes, and community members.

**Priority 2** Create opportunities for SKC cities, organizations, and residents to share resources, best practices, and problem solve to expand regional connections and cross-sector collaboration.

**Priority 3** Support and promote new or expanded transportation services in SKC.

SKCMC Fiscal Year 2023 Work Plan Projects

1. **SKCMC Support of Community Transportation Navigator Project – July to December 2022**
   Develop best practices in conducting outreach to the hardest-to-reach populations by participating in the Community Transportation Navigator (CTN) project to determine the client experience of those who enroll in the program. Develop an evaluation report for this pilot project.

2. **SKCMC Safety Suggestions Summary – February to June 2023**
   Identify and document the unique safety concerns regarding riding public transit within the South King County transportation system. Create documentation highlighting the community’s safety concerns and work with decision makers to increase awareness and identify solutions.
Fiscal Year 2022 Mobility Education and Outreach Efforts

In support of the South King County Mobility Coalition’s priorities, vision, and mission the Mobility Coordinator also engages in education and outreach efforts across the region. These efforts are incorporated into Coalition projects when applicable and exist independently as an effort of the Hopelink Mobility Management team. Coalition members are always welcome to partner on outreach and education efforts. In the 2023 fiscal year the South King County Coordinator will prioritize outreach opportunities that are hosted in partnership with other service providers and offer opportunities for wrap-around connections.

The outreach programming of the South King County Coordinator consists of three main programs: Travel Ambassador Trainings, Getting Around Puget Sound events, and Public Transit Orientations. These programs focus on the end-user, the community member, and making accessible the information community members need for getting to where they need to go.

More information on Mobility Education and Outreach can be found at this webpage. To partner with our programming please reach out to the South King County Coordinator.
