SKCMC Welcomes Everyone

The South King County Mobility Coalition welcomes and values all communities. We value, respect, and honor the identity and experience of all members.

We encourage everyone to participate, regardless of ability. We are committed to listening, learning, and improving in this process.

We acknowledge that the work we do takes place on the traditional land of the Coast Salish and Duwamish peoples, among others, as the first people of this land. We honor with gratitude the land itself as well as the past, present, and future of these tribes.

SKCMC Coalition Mission

Mission Statement

The South King County Mobility Coalition continuously identifies and initiates coordinated, creative, sustainable ways to assist individuals, including older adults, youth, persons with disabilities, limited English speakers, Veterans, and low-income individuals in South King County reach their potential by increasing their transportation options.

TRANSPORTATION RESOURCES & REWARDS

Alison Turner, Sustainable
Transportation Program Manager

SKC Trips is a project of the City
of Tukwila's Transportation
Demand Management Program

SKC Trips

South King County Trips (SKC Trips) is a sustainable transportation rewards program

Goals:

- Reduce traffic congestion and improve air quality
- Reduce drive-alone trips and increase use of transit, active transportation and carpool
- Convert users who pay with cash to using ORCA for payment

Who is SKC Trips for?

- People who do not already have an ORCA card
- People with lower incomes
- People who have recently moved, are starting a new job, or are students
- Equity priority populations

How does SKC Trips work?

SKC Trips is a transportation rewards program

Participants sign up, set a sustainable transportation goal, and receive an ORCA card with one month of free transit

Participants receive a follow-up email, text, or phone call with an opportunity to take another survey and earn another reward

Outreach Approach

- Meeting people where they're at
- In-person engagement at hiring events, health fairs, and community events
- Distributing adult ORCA cards and facilitating access to reduced fare cards
- Partnerships

Improving Access

- People can participate even if they do not work or go to school
- Providing phone contact, not just email
- Survey is available in 11 languages
- Utilization of interpreters. Follow up outreach conducted by phone with language interpreter if needed.
- Tablet available for taking the sign-up survey. Participants do not need to have a smart phone or mobile data.

Reduced Fares

- Provide reduced fare information during outreach
- Public Health can do income-based ORCA LIFT and Subsidized Annual Pass enrollment
- If they get a reduced fare card, we can load \$20 onto it instead of giving them a regular card with 1-month free

Are you interested in learning more about reduced fare ORCA cards?
