PROGRAMMABLE LIVESTOCK FEEDERS

A friend for every livestock owner to help you feed the herd!

HOW IT WORKS

FILL IT. SET IT. LET IT FEED.

The Auto Easy Feeder is programmable to feed your livestock up to 80 times a day, if desired. You set the length of run time to determine the amount of feed dispensed. The Auto Easy Feeder can dispense different types and sizes of bulk feed, textured type feed and all cube sizes without any adjustment between types of feed. Feed is dispensed in troughs on both sides of the feeder for easy access for livestock.

01

FILL

Load bulk feed, textured feed or any cube size. No adjustment between types.

02

SET

Program how often it feeds. Run time sets how much feed is dispensed.

03

FEED

Feed drops into troughs on both sides for easy access.

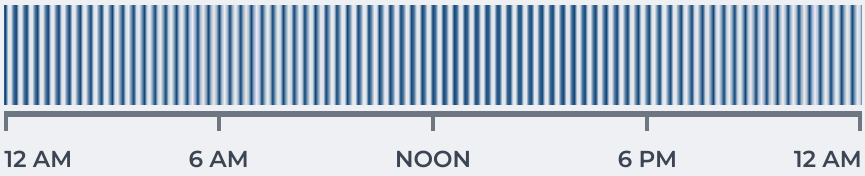

UP TO

80

FEEDINGS A DAY

if desired

EACH LINE = ONE FEEDING

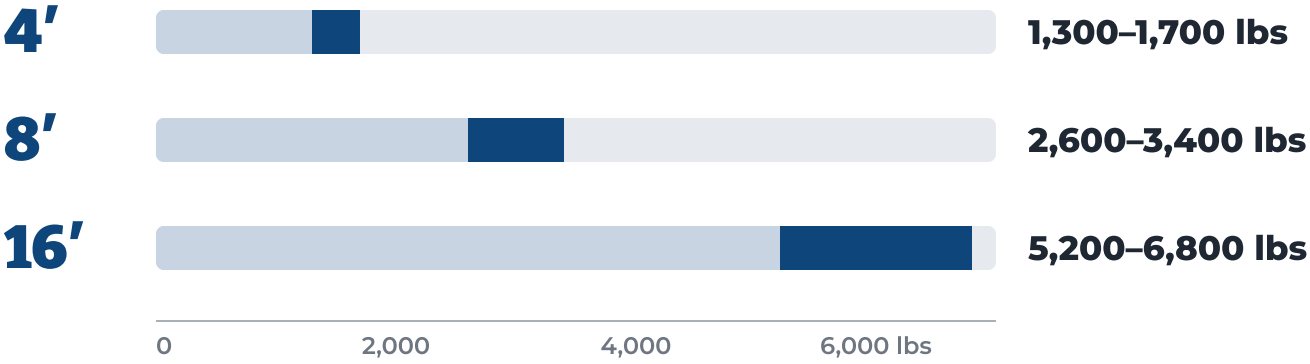

THREE SIZES

CHOOSE YOUR CAPACITY

Approximate feed held by each model. Capacity depends on the type of feed being dispensed.

THE BUILD

AMERICAN MADE. BUILT TO LAST.

- 12 volt deep cycle battery
- Recharged by a solar cell system
- Heavy schedule 40 pipe
- 3/16 steel and 14 gauge steel
- On skids for easy moving
- Powder coated to stand up to heat and cold
