SOULFUL SMOOTH ALT R&B

Al Bettis was inspired to start writing and singing music at age 30. He felt a spiritual calling to heal through music, so he picked up a guitar and a notepad and got to work. The self-trained acoustic guitarist has gained popularity for his smooth vocals and sincere lyrics.

His shows are a journey through love, heartbreak and redemption as he offers stories about the musings behind many of his songs. His smooth voice is reminiscent of legends like Al Green and Otis Redding, and his style is a unique mix of alternative R&B, jazz, and folk-pop.
