KRD23

The ideal regional drive tire for commercial trucks, the KRD23 was designed to provide high mileage capabilities with even wear and durability to withstand regional driving conditions.

Features & Benefits

- The innovative later main groove design and application of shoulder tie-bars provide outstanding traction and high mileage
- Zig-zag center block arrangement creates even contact pressure distribution to facilitate even wear characteristics
- The woven longitudinal groove design and tie-bars minimize block movement to prevent heel and toe wear and stone
- Application of anti-cutting TWI pins on the tread ribs provide flexibility to side forces as well a cut and chip resistance

Application

Wheel Position

Line Haul | **Regional** | Mixed | Off-Road

Drive
