KRS12(e)

SmartWay Verified

The ideal steer tire for commercial trucks, the KRS12(e) is designed to perform in tough regional driving conditions with cut and chip resistance and enhanced durability features.

Features & Benefits

- Application of a zig-zag circumferential groove design for increased traction and braking performance
- Optimized rib width ratio for even contact pressure distribution and enhanced shoulder block rigidity
- Designed with a notched groove base to prevent cracking and stone drilling and with an anti-cut and chip resistant compound

Application

Wheel Position

Line Haul | **Regional** | Mixed | Off-Road

Steer
