HOUSE OF ROHL.

PRESENTS

THE STORY OF A LIFE WELL CRAFTED™

We believe distinctive stories are what make life exceptional.

At House of Rohl®,
A portfolio of luxury décor brands,
We pursue the discovery of time-honored craft
That opens the door to stories unlike any other.

Stories of place and provenance.
Stories of dedication and passion.
Stories of artistry and heritage.

Through our collection of brands, you will find storied details that bring
endless curated design possibilities.
And the closer you look, the more you will see the details of your own story.

The story of a life well crafted

30 YEAR ANNIVERSARY

**ICONIC SCULPTURES
CRAFTED IN SOUTH AFRICA**

Victoria + Albert® baths are works of art: sculptural forms that transform any space into a luxurious sanctuary. Individually hand-polished in South Africa, our silhouettes are shaped to complement the body for a truly indulgent experience. With classic and modern designs in a spectrum of colours, each Victoria + Albert bath is a centerpiece that creates a lavish statement.

OVER 200 COLOR PAINT OPTIONS

**EXCLUSIVELY AVAILABLE
FOR VICTORIA + ALBERT®
BY HOUSE OF ROHL®**

Personalize the exterior of our freestanding bathtubs and sinks in a multitude of color possibilities with over 200 color paint options that match all shades of the imagination, in gloss or matte finishes. Coordinate hues to complement bathroom décor, or let color lead the design principle and be the centerpiece of the room. Color paint options available for Victoria + Albert bathtub and sink collections. Color paint options available on [page 184](#).

Each finish is multi-layered using a special catalyzed paint and hand-polished between applications for a deep luster. More durable than hand-painted surfaces, more striking in impression, Victoria + Albert colors elevate bathtubs and sinks to greater luxury.

BATHTUB SELECTION GUIDE

The bathtub stands as the focal point of the bathroom. While space plays a critical factor in the selection process, the bather's height is essential in determining the most suitable option.

Victoria + Albert® offers bathtub shapes and designs to suit every need. To determine the option that will meet your aesthetic preferences while providing the most comfort, use the table to the right. You can easily identify your height for the ideal bathtub length and explore bathtub collections tailored to your size. Be sure to check the exact specification documents for detailed dimensions.

A PERFECT FIT

The ideal bathtub conveys a fully submerged bather who is comfortably soaked. Their feet rest on the bathtub wall in lounging position, allowing them to feel grounded and resulting in a luxurious and relaxing escape from reality.

A BATHTUB TOO SMALL

When a bather is larger than the bathtub, they cannot fully submerge in the water and be anchored, which causes discomfort and chills.

A BATHTUB TOO LARGE

A bathtub that's longer than the bather's height will cause them to float, preventing them from anchoring in the bathtub and achieving a restful bathing experience.

Aftermarket accessories can also anchor and assist in achieving a restful experience, even in the longer bathtub options.

BATHER HEIGHT RANGE

AMALFI

All the elements that make a classic slipper bath so perfect for bathing, and such an elegant statement are elevated in this updated silhouette. The Amalfi is grace personified, with nuanced curves, and a gentle sloping arc to lean against and let go in comfort. The extended backrest provides greater head support, but it's also an artistic element, like a wave suspended in space and time. The Amalfi inspires indulgently languorous baths, from its relaxation-inducing shape to the smooth, tactile sensation of its hand-polished surface, to its sheer sculptural beauty.

AMIATA

The award-winning Amiata pays homage to an extinct volcano of the same name—a mountain sacred to the ancient Etruscans, who favored thermal baths. Like all Victoria + Albert bathtubs, the Amiata is composed of Volcanic Limestone™, an extraordinary durable and beautiful stone. The design atelier of Meneghello Paoletti Associati was inspired by this material and the history of Mount Amiata to create a design that is neither concave or convex, but a balance of the two. Shaped to the body and made to sink deeply into comfort, the Amiata stays reminiscent of the past, while being ever present.

K-25-	188	188	188	258	258	258	288	288	288

- For sinks with or without overflow hole
- "Push control" plug

BARCELONA

Barcelona is an architectural city where both classic and modern structures adhere to principles of organic design and a desire to create timeless works of art. The Barcelona follows the same approach with a symmetrical bath of natural curves in a style that's forever relevant. This rimless, deep double-ended oval bathtub never overwhelms the space it's in. The Barcelona is shaped for blissful, leisurely soaks. Its unadorned, minimal simplicity makes it suitable for spaces of all times and types.

CHESHIRE

The English country manors of Cheshire inspired our classic roll top bath of the same name. The Cheshire is a double-ended Victorian with the proportions and presence of bathtubs found in England's stately mansions. Equally at home in today's traditional and eclectic settings, the Cheshire is designed to luxuriate and relax in and act as a dramatic centerpiece. Its clean lines and elegant silhouette are offset with the ornate details of authentic ball-and-claw feet, which come in an array of finishes. The Cheshire conveys timeless charm which is quintessentially English.

CORVARA™

Named for a resort town in the Italian alps with vast views and open skies, the Corvara™ encapsulates the same expansive sensation but in a smaller freestanding form. The Corvara is an elegant egg-shaped oval that creates an intimate, cradle-like space to recline and relax. Yet it is roomy enough to stretch and sink deeply into calm and stillness. Its subtle curves and minimalist clean lines are reminiscent of modern sculpture, for a centerpiece that fits all bathroom décors and sizes.

EDGE

The Edge transforms the profile of a classic soaking bathtub into a striking sculpture of linear proportions. The Edge is aptly named as it stands on the forefront of minimalist style with sleek lines and crisp contours. Designed for deep, immersive bathing, the dual-ended Edge creates an expansive experience within an unexpectedly compact form. Its cubic shape is subtly tapered to take up less floor space yet has the capacity for equally indulgent, sensuous soaks as its larger counterparts. The Edge's take on modern art makes it a statement piece for all spaces.

ELDON

The Eldon is the creation of the multi-award-winning British architecture and interior design studio, Conran + Partners. The Eldon back-to-wall bathtub is both stylish and smart. It creates an impression of generous depth and space, yet its genius design makes it a natural for rooms of all proportions. Hand-polished to a sensuous finish that's inviting to the touch, in a contemporary oval shape with a curvaceous rim, the Eldon offers a deeply indulgent bathing experience. The Eldon is a stand-out in any space.

ELWICK

More of a soaking bathtub than a classic bath, the Elwick has a deep, dual-ended shape of Edwardian proportions with a pedestal base that gives it a dignified stance. Designed to elevate bathing into an opulent spa-experience, the Elwick has room to soak, submerge, and take the time to unwind and refresh. The subtle rim detailing around its top edge and base enhances its character, and its hand-polished, buttery finish adds an especially smooth, tactile appeal. The Elwick makes an impact in any bathroom, especially those dedicated to the experience of sublime bathing.

IONIAN

Echoing the shape of ancient Greek Ionian columns, the ionian has a subtle flare at the rim that enhances its minimalist appeal and arresting appearance. Its simplicity is what gives it stature, with a pure, clean profile and minimalist design. Deep and sumptuous, the ionian's silhouette enhances reclining and relaxation, and invites immersion in luscious soaks that last. The ionian's clean lines are complemented by its hand-polished finish, for a sleek, stylish design that turns bathrooms into sanctuaries of luxury.

IOS

Ios is one of the smaller Greek islands, yet it doesn't lack for beauty and wonder. Like its inspiration, the ios freestanding bath has the same dramatic symmetry as its larger counterparts but in a more intimate and compact form. Designed for city living and smaller spaces, the ios is a sleek, minimalist oval with the depth and dimension for soaks of supreme indulgence and long duration. Its bold simplicity and lack of ornamentation make an impact in any décor, for a centerpiece that defies size.

KERID

Named for the Icelandic crater lake Kerið, the Kerid Collection is our unique interpretation of the elemental beauty of fire and ice. A freestanding, restorative sit tub and vessel sink bring the time-honored rituals of hot soaking and cold plunging to the comfort of your home, whether creating a serene indoor escape or an outdoor sanctuary. Kerid is a harmonious blend of minimalist design and elevated luxury—handcrafted to become your personal sanctuary. A shorter length paired with a deeper, seated basin creates the ultimate soaking experience. An elegant, angled rim gently supports the neck, while a deep chamfered base evokes the sensation of effortless floating. Step into a spa-like world of wellness and restoration with the Kerid Collection.

LUSSARI™

Monte Santo di Lussari is the Alpine summit where Italy, Austria, and Slovenia meet. This convergence of peak and valley, height and depth inspired the design of the Lussari bath. Form, function, and alluring symmetry merge in a classic oval of minimalist sculpture. Curves of subtlety and simplicity invite an experience of ease for a deep, languid, luxurious soak. The Lussari envisions a retreat where artistry and serenity come together as one, for blissfully beautiful bathing.

- For sinks with or without overflow hole
- "Push control" plug

MARLBOROUGH

The Marlborough takes its name from a long lineage of English dukes, known for their monumental ancestral home, Blenheim Palace. Designed for an unparalleled bathing experience, it combines the long boat-like shape of the French bateau with a double-ended slipper bathtub. With room to bask in luxurious comfort, the Marlborough is made for long, soothing baths in tranquil settings. Poised on a plinth, the Marlborough's noble appearance makes it an unmistakable centerpiece, meant to be displayed, prized, and indulged in to the fullest.

MOZZANO

In the town of Borgo a Mozzano stands the Ponte della Maddalena bridge, built in the 11th century to give the Countess di Canossa access to the local thermal baths. The Mozzano 2 bathtub takes its shape from the surprisingly modern asymmetrical arches of the medieval structure. Designed for immersive bathing, the Mozzano 2's rimless purity gives it a clean, confident profile. Its ergonomic contours offer the greatest comfort, to recline, relax, and renew. The Mozzano 2's architectural silhouette may be rooted in the past, yet it makes a confidently modern impression.

SEROS™

In the same way rivers carve curves and waves into canyons and rock, the Seros bath captures the rippling motion of water in sculpted form. Its oval silhouette is surrounded by the flowing lines and contours of currents, for an organic shape that encapsulates the fluid expression of water. The finely detailed waves encourage a play of light and shadow, echoing nature and bringing the outside in. Seros is designed to enhance the serenity of a bath, and calm mind and body in a lush, spa-like experience.

SHROPSHIRE

The slipper bathtub is especially intimate in the way it surrounds the body, designed to allow you to sink deeply into a luscious soak, while supporting back and neck. The Shropshire presents the same divine experience, but in a size suitable for smaller spaces. The subtle curves and incline of its silhouette give it an aesthetic appeal with artistic finesse. Classic ball-and-claw feet balance its clean lines with intricate Victorian-style detailing. The Shropshire's compact form creates a striking impression to make any room, no matter the size, truly grand.

TERRASSA

The Terrassa is named for the Spanish city that's home to the famous Terrassa Jazz Festival, where Chet Baker and Dizzy Gillespie once jammed. The Terrassa soaking bathtub is a riff on Victoria + Albert's oval bath, the Barcelona, in an equally fluid shape and minimal style. The Terrassa, though, makes its mark on its interior with harmonious sculpted details that create an extra dimension of design. Sized just right for city and country bathrooms alike, yet made for deep, lush soaks, the Terrassa is for those attuned to modern styling, unexpected flourishes, and all that jazz.

TOULOUSE

The classic French bateau bath is famous for its stylish sophistication and continental panache. The Toulouse takes the boat-like bateau shape from the 1860s and gives it a modern, sculptural feel. More refined than a roll-top and with greater subtlety, the deep, double-ended Toulouse has delicate curves and a gentle sloping shape. Designed to recline and sink deeply into relaxation, Toulouse offers exceptional comfort and lush immersion. This is a bath that catches the eye and takes centerstage, but does so with grace and elegance.

TRIVENTO

The Trivento reimagines the original French bateau bath as a contemporary sculpture. The nuanced arc of its rim is reminiscent of the vessel-like shape of its classic counterpart, but now with such subtlety and simplicity, it becomes a work of modern art. Dual-ended and designed to be deep, the Trivento is nevertheless a perfect fit for city and country, smaller or larger spaces. Its silhouette is perfect for immersive bathing, as its tapered form is made for leaning back and relaxing. The Trivento is a showpiece of sophisticated simplicity, truly a bath to be sought after.

VETRALLA

Named for a small village in Italy tucked into a hillside, the deep, double-ended Vetralla adds understated sophistication to bathrooms. The Vetralla's classic shape can be found in grand Italian villas, here interpreted with the clean lines of minimalist simplicity. The Vetralla's roomy interior leads to idyllic, soothing soaks and its graceful, slanting sides form a perfect angle of recline for greater comfort. The Vetralla conquers its dedicated space with depth and dimension, beauty and bliss, and the height of modern style.

WORCESTER

Worcester, South Africa, is a town surrounded by high peaks and vast, dramatic views. It is also the site where Victoria + Albert bathtubs are made. The Worcester captures the expanse of its hometown in a traditional soaking bath that becomes the stately focal point of a room. With its classically ribbed plinth and rim detailing originally found in stonework, the Worcester has a dignified air. Its dimensions go deep for languid, lazy baths that soothe away stress. The Worcester evokes the sense of a past era in a form designed for the styles and desires of today.

YORK

A work of art deserves a pedestal, and the York is truly worthy of the title. Imposing and striking, generous in depth, classic in silhouette, York is inspired by Victorian bathtubs of majesty, like ones found in ancestral homes and mansions. Hand-polished and so smooth to the touch, the York is clean and uncluttered, and it is this lack of ornamentation that gives it such grandeur. This is a bath to lean back in, relax, and let time stand still.

BARCELONA

Barcelona is an architectural city where both classic and modern structures adhere to principles of organic design and a desire to create timeless works of art. The Barcelona follows the same approach with a symmetrical bath of natural curves in a style that's forever relevant. These deep and double ended undermount and drop-in Barcelona tubs come in multiple sizes for all spaces. The Barcelona is shaped for blissful, leisurely soaks. Its unadorned, minimal simplicity makes it suitable for spaces of all times and types.

KALDERA

The clean, rectangular profile of the Kaldera is designed for sublime bathing. This Collection of undermount and drop-in bathtubs comes in multiple sizes for all spaces. The Kaldera's faceted edges create crisp contours that enhance its ergonomic shape, for a singularly indulgent bathing experience. With a tapered angle of recline, the Kaldera makes leaning back, letting go, and lingering longer even more lush. The Kaldera's minimalist impression expresses elegance in every line.

ROSSENDALE

Rossendale is a borough in Lancashire, England, that's home to a notable arts community of painters, poets and dramatists. The Rossendale bath has artistic inclinations as well. It makes its mark as the largest in Victoria + Albert's Collection of drop-in and undermount bathtubs. In addition to its minimalist lines and spacious interior, the Rossendale comes with built-in armrests and an angle of recline for easing into languorous soaks. The Rossendale combines beauty and roomy comfort for an unparalleled bathing experience.

K-13 Drain for Undermount/Drop-In Bathtubs

Model	WH	PC	BN	PN	BK	AG	ORB
K-13-	208	208	288	288	288	318	318

- Slotted drain for undermount/drop in bathtubs
- Drain with captive flip plug
- Available in multiple finishes to complement a variety of bathtub fillers

K-36E IntelliDrain™ Push Drain for Victoria + Albert® Bathtubs Without an Overflow Hole

Model	WH	PC	BN	PN	BK	UB
K-36E-	438	438	598	598	598	658

- IntelliDrain™ is equipped with a waste outlet and an overflow outlet.
- Patented magnetic technology measures water pressure to activate drain at 14" (35.56 cm) depth
- Silicone cap included to fill beyond 14" (35.56 cm) bathing depth
- Recommended for use with K-70 island drain
- Suitable for bathtubs without a pre-drilled overflow
- Available in multiple finishes to complement a variety of bathtub fillers

K-40E IntelliDrain™ Push Drain for Victoria + Albert® Bathtubs Without an Overflow Hole

Model	WH	PC	BN	PN	BK	UB
K-40E-	438	438	598	598	598	658

- IntelliDrain™ is equipped with a waste outlet and an overflow outlet.
- Patented magnetic technology measures water pressure to activate drain at 15 3/4" (40 cm) depth
- Silicone cap included to fill beyond 15 3/4" (40 cm) bathing depth
- Recommended for use with K-70 island drain
- Suitable for bathtubs without a pre-drilled overflow
- Available in multiple finishes to complement a variety of bathtub fillers

K-70 Freestanding Bathtub Island Drain for Sub-floor Installation Box

Model	ABS	PVC
K-70-	288	288

- Island Bathtub Drain
- Optimized for Victoria+Albert bathtubs requiring subfloor connection

K-50 Freestanding Victoria + Albert® Bathtub Drain For Above-Floor Installation Box

Model	WH	PC	BN	PN	AG	PB	UB	ORB
K-50-	538	538	728	728	808	808	808	808

- Bathtub drain for above-floor installation box
- Bathtub drain featuring a contemporary toe-tap plug for above-floor installations
- Toe-tap drain for ease of use
- Available in multiple finishes to complement a variety of bathtub fillers

K-51 Freestanding Victoria + Albert® Bathtub Drain For Sub-Floor Installation Box

Model	WH	PC	BN	PN	AG	PB	UB	ORB
K-51-	538	538	728	728	808	808	808	808

- Bathtub drain for sub-floor installation box
- Bathtub drain featuring a contemporary toe-tap plug for sub-floor installations
- Toe-tap drain for ease of use
- Available in multiple finishes to complement a variety of bathtub fillers

K-61 Freestanding Bathtub Overflow and Drain For Above-Floor Installation Box

Model	PC	BN
K-61PVC-	658	898

- Combined bathtub overflow and drain
- Bathtub drain featuring a contemporary toe-tap plug for above-floor installations
- Toe-tap drain for ease of use
- Available in Chrome or Brushed Nickel to complement a variety of bathtub fillers

BATHTUB ACCESSORIES

The Victoria + Albert® line of accessories are made to enhance relaxation, to immerse in a deeper, more satisfying soak. Our headrests and backrests are examples of minimalist design sculpted to fit the body, and our bath racks are works of art in themselves.

CARE AND MAINTENANCE

At Victoria + Albert®, we believe that our unique Volcanic Limestone™ material creates a naturally superior bathtub, and this is something we are extremely proud of. Please follow the care and maintenance advice below, to ensure your bathtub, sink and accompanying accessories continue to look and feel beautiful for many years.

To demonstrate our confidence in the quality and reliability of our products, all Victoria + Albert products are guaranteed. See our terms and conditions for further details.

VOLCANIC LIMESTONE™ GLOSS WHITE BATHTUBS AND SINKS

For light daily use, we recommend rinsing the bathtub and/or sink with plenty of warm, soapy water. Volcanic Limestone has excellent stain resistance, but we recommend that bathtub and/or sink water containing additives (oils, bath salts, dyes etc.) is always drained and then the bath and/or sink cleaned with fresh, warm water immediately after use.

If any marks are not removed with this method, we recommend a mild, non-abrasive household cleaner. Should you need to clean the bathtub and/or sink with an abrasive cleaner, as may be required after heavy use or for any stubborn staining, we recommend the use of an automotive grade polish. Please note, abrasives will cause the disappearance of the glossy look over a long period and are not recommended. Always rinse any cleaning products off the bathtub and/or sink after use with fresh, clean water. (Note these instructions have changed in last 2 weeks)

Always ensure care is taken on the logo and no soaps and polishes come into contact with it.

VOLCANIC LIMESTONE MATTE WHITE BATHTUBS AND SINKS

We recommend cleaning our Matte White products with warm, soapy water, as per the advice for Volcanic Limestone Gloss White products. All cleaning products should be fully rinsed off afterwards with fresh, clean water.

For any stubborn staining on products with a Matte White finish, we recommend the use of a fine scouring pad, such as Mr. Clean® Magic Eraser.

PAINTED BATHTUBS AND SINKS

For painted bathtubs and sinks, we recommend following the basic cleaning advice for Volcanic Limestone White Gloss and Matte White products for the interior of the bathtub and sink. For the exterior surfaces please see below:

Painted exterior surfaces with a gloss finish can be cleaned with neutral soaps and warm water. Painted sinks/bathtubs, when ordered it is shipped with 1 bottle of touch up paint in the same finish ordered. If needed you may contact Customer Care to request.

Painted products with a matte finish should not be polished, and can be cleaned with a specialist matte finish cleaner such as Flitz. Specialist matte finish cleaners will help ensure the finish remains matte. Please follow the instructions on the packaging and ensure the cleaning is not under hard pressure as this can remove the matte finish. For stubborn staining we recommend obtaining a specialist matte or gloss cleaner from an automotive store.

ACCESSORIES

We recommend that all accessories are dried with a soft cloth after each use to reduce any standing water that may contain impurities. Any residues from cosmetic products, aggressive cleaning products and similar products should be immediately rinsed away with clean water.

For head and back rests, as well as Tombolo bath racks, clean the product with a neutral soap and warm water, using a microfiber cloth.

REPAIR AND MAINTENANCE

Volcanic Limestone is scratch resistant. However, if any scratches do occur in extreme conditions, such as installation, these can be removed with the correct treatment.

For Volcanic Limestone Gloss White products, light scratches that cannot be felt with a finger nail may be removed by polishing with a fine cut automotive compound. If they still remain, try rubbing with a fine (2000 grit) waterproof abrasive paper on a sanding block with water. Re-polish the surface afterwards using a fine cut automotive rubbing compound—available from reputable auto supply or professional auto paint supply stores. For best results, limit sanding to the smallest possible area around the scratch.

Deep scratches that can be felt with a finger nail will require a more specific repair and we recommend you contact Customer Care to be talked through the steps.

For Matte White products, any light scratches that cannot be felt with a finger nail may be removed by rubbing in a circular motion with a scouring pad using light pressure. If they still remain, try rubbing with a fine (1500–2000 grit) waterproof abrasive paper on a sanding block with water. For deeper scratches, please contact Customer Care.

For painted bathtubs and sinks, we offer touch up kits for any minor scratches. Please contact our Customer Care team.

SCRATCH REPAIR INSTRUCTIONS

FOR MINOR BLEMISHES AND SCUFF MARKS, SKIP TO STEP 3

Step 1:

Start sanding the scratch down using the wet sandpaper in rapid straight motions using P800 abrasive paper:

- If the scratch is deep, widen the area to be sanded so as to avoid denting the surface. Sand until area has been “flattened.”
- For more severe scratch, you can also use a gritty rubbing compound with a soft cloth, as it is more abrasive.

Step 2:

Continue to sand the area, progressively start using a finer grade paper P1500, then P2000 until the area is completely smooth to the touch.

Step 3:

The area that has just been sanded will have a matte look to it. To bring back the shine, use a car polish. Apply in circular motions over the sanded area until the compound is completely dissolved. The finish will begin to become glossier.

- To achieve a perfectly polished finish and complete repair, use an electric polisher.
- White polishing cloths and a fine polishing cream/car wax such as 3M may also be used to create a polished finish.

CONTACT US

Please know that our limited lifetime warranty covers only parts and does not cover installation, removal of our products or freight changes. However, to ensure the best possible service to our customers, we have established a procedure to request a service call.

The consumer must first contact the distributor where the merchandise was purchased. A call will not be processed if the distributor has the consumer contact us directly. In such a case we will redirect the call to the distributor. This procedure aims to improve the efficiency of service calls, since communication is sometimes more complex with customers (ex: unable to identify the item number, etc.) As a result, the wrong product or parts have been sent in the past.

The distributor must send us, by fax or email, the service-call form properly filled out with a proof of purchase. It is important to include the product code, date of purchase and as much detail as possible about the problem, as well as the malfunction diagnosis.

In the case of a more technical call, we may contact the consumer directly to give him/her the necessary information. If a part must be replaced, it will be sent along with its installation guide to the distributor, with the consumer's name shown on the box. It may also be sent directly to the customer at their own expense.

This procedure was created to improve efficiency and speed of service for our customers. Thank you for understanding.

For more information, please contact our Customer Service Department:

PRODUCT CHANGES

Delivery to the carrier constitutes delivery to customer. Any claim for loss or damage in transit should be made promptly by the customer to the carrier. Our responsibility ceases when the goods are delivered in good condition for the carrier.

CUSTOMER INCENTIVE PROGRAM (CIP) POLICIES AND PROCEDURES

- This program is for fiscal year 2026 and expires at the of 2026
- If customer requires a wholesaler during the year, the revenue generated by that acquisition will result in a restatement of the incentive program
- Rebate is calculated on invoiced/shipped purchases as of December 31, 2026
- House of Rohl® 2026 fiscal year is January 1, 2026 through December 31, 2026
- Incentives will be paid by check or credit memo in March 2027
- House of Rohl reserves the unilateral right to make amendments to these Policies and Procedures at any point

VENDOR MANAGED FUNDS PROGRAM

- Customers must have had 2025 program net sales of \$250,000 or greater to have earned 2026 Vendor Managed Funds
- Display program offers a discount off of wholesalers net price. See full merchandising program for additional details.
- A portion of the Vendor Managed Funds earned, determined by 2026 strategic priorities, are to be used for new product updates and the House of Rohl current merchandising program fixtures

DEFECTIVE RETURN POLICY

- Price credited is based on current price at time of the return
- House of Rohl pays freight to designated customer
- Defective cartridges are no longer accepted through the returns authorization process

LABOR

No labor charges of any kind will be allowed

CLAIMS

All claims of lost, damaged or incorrectly shipped materials must be made to ROHL LLC within 5 days after receipt of goods. Any claims outside this time may be rejected by ROHL LLC. Service and replacement parts may be subject to a \$25 processing fee.

CONTINUED ON NEXT PAGE

ACCOMMODATIONS AND RETURNS PROGRAM

Products may not be returned for credit or replacement without prior inspection and written authorization from House of Rohl. Customer dissatisfaction is not a reason for return.

English Bronze, Tuscan Brass, Italian Brass, English Gold, Satin English Gold, Antique Gold, Unlacquered Brass, and Pergame have acceptable variations that are normal and enhance the custom nature of each finish. Variation is not a reason for return.

Unlacquered Brass and Tuscan Brass will be final sale and non-returnable.

Non-Defective Return Guidelines—Above average return rates will be reviewed by the Regional Business Leader with the customer to partner on how returns can be mitigated.

- Product must be New In Box condition.
- Product must be listed as an active SKU in the current price book at the time of the request for return excluding any annual year-end deletions.
- Customer pays freight to designated House of Rohl facility.
- Price credited is based on original purchase order price.
- Time since ship date from House of Rohl cannot exceed 180 days for Non-Defective Returns.
- A restocking fee applies and will be deducted from the refunded purchase price as outlined below.
 - 25% = Up to 60 days since ship date from House of Rohl
 - 35% = 61 – 180 days since ship date from House of Rohl

Stock Rotation Return Guidelines—Upon stock rotation, an offsetting restocking order must follow as defined in customer programming for restocking fee to be waived. Only one stock rotation per year is permitted not to exceed 2% of prior year program net sales.

- Product must be New In Box condition.
- Product must be listed as an active SKU in the current price book at the time of the request for return excluding any annual year-end deletions.
- Customer pays freight to designated House of Rohl facility.
- Price credited is based on original purchase order price.
- Time since the ship date from House of Rohl cannot exceed 365 days for stock rotations.

Defective Return Guidelines—Defective Product refers to product that upon customer receipt or initial install had either a functional or cosmetic defect that did not meet House of Rohl’s standards product specification. Defective does not refer to product that has failed during normal operation or defects which result from customer neglect or abuse. For product wear out failures please contact 1–800–777–9762.

GENERAL

The receipt or possession of this price list by anyone will not be accepted by ROHL LLC as an obligation or offer to sell any goods listed herein. All prices herein quoted supersede all prior price lists and bulletins. Existing trade terms continue in effect.

No order, contract or agreement will become an obligation until accepted in writing by ROHL LLC.

ROHL LLC does not have field service technicians. We are a sales and marketing company only. Sales Representatives do not perform in-home service. Product that is handmade and is within tolerance of published dimensions will not be considered for return.

Shaws sinks continue to be handmade since the 1897 original design. Each sink is designed with a slight pitch to the drain, so standing water is normal. Standing water is not a reason for return.

These Terms and Conditions shall be deemed to be a part of all such acceptance by ROHL LLC and shall supersede any conflicting provisions of customer’s purchase order, and any conflicting terms and conditions included in a customer’s purchase order are rejected and invalid. These Terms and Conditions, any sales hereunder, and any claim, dispute, or controversy between the parties arising from or relating to these Terms and Conditions, their interpretation, or the breach, termination, or validity thereof, will be governed by and construed in accordance within the laws of the State of Ohio, without regard to conflict-of-laws rule. The parties hereby agree that the United Nations Convention on Contracts for the International Sale of Goods will not apply to these Terms and Conditions and to the purchase and sale of products hereunder and any statute which would otherwise apply which implements such convention is expressly excluded.

Other than any express limited warranty granted by ROHL LLC with respect to a product, ROHL LLC disclaims all warranties and conditions, expressed or implied, statutory or otherwise, with respect to the products, including, without limitation, any implied warranty of quality, merchantability or fitness for a particular purpose, as well as warranties arising from course of dealing and usage of trade, and ROHL LLC does not represent or warrant that any product will meet the customer’s requirements. Customer may not use the ROHL LLC name or any ROHL LLC trademark, trade name, service mark, logo, or copyrighted work for any purpose. The sale of products by ROHL LLC does not constitute a license, implied or otherwise, for the use of any patents or know-how of others, nor does it constitute a license, implied or otherwise, on patents or know-how of ROHL LLC.

ROHL LLC WILL NOT BE LIABLE FOR ANY LOSS, DAMAGE OR INJURY RESULTING FROM DELAY IN DELIVERY OF THE PRODUCTS OR FOR ANY FAILURE TO PERFORM DUE TO CIRCUMSTANCES BEYOND OUR CONTROL OR THE CONTROL OF OUR SUPPLIERS, INCLUDING WITHOUT LIMITATION FAILURE OR DELAY IN TRANSPORTATION, ACTS OF ANY GOVERNMENT OR ANY AGENCY OR SUBDIVISION THEREOF, JUDICIAL ACTION, LABOUR DISPUTES, FIRE, ACCIDENT, ACTS OF NATURE, SHORTAGE OF LABOUR, FUEL OR RAW MATERIAL, OR MACHINERY OR TECHNICAL FAILURE. ROHL LLC’S MAXIMUM LIABILITY, IF ANY, FOR ALL DAMAGES, INCLUDING WITHOUT LIMITATION CONTRACT DAMAGES AND DAMAGES FOR INJURIES TO PERSONS OR PROPERTY, WHETHER ARISING FROM OUR BREACH OF THESE TERMS, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY OR OTHER TORT WITH RESPECT TO THE PRODUCTS, IS LIMITED TO AN AMOUNT NOT TO EXCEED THE THEN-CURRENT WHOLESALE PRICE OF THE PRODUCTS. IN NO EVENT WILL ROHL LLC BE LIABLE TO CUSTOMER FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, LOST REVENUES AND PROFITS, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. INCLUDING WITHOUT LIMITATION LOST REVENUES AND PROFITS, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

EFFECTIVE: 2/2026

**MOST PRODUCTS OR PARTS CARRY “LIMITED WARRANTIES” AGAINST
MANUFACTURING DEFECTS AS DEFINED BELOW.**

Residential 25-Year Warranty — Volcanic Limestone™ products are guaranteed for residential use for a period of 25 years

Commercial 8-Year Warranty — Volcanic Limestone products are guaranteed for residential use for a period of 8 years

Paint Finish Exterior 2-Year Warranty — The paint finish exterior is guaranteed for a period of 2 years

Accessories 5-Year Warranty — Feet and bath accessories are guaranteed for a period of 5 years

Visit houseofrohl.com for complete warranty information.

ROHL's Promise — A “Limited Warranty” means ROHL LLC will provide free of charge, at its option, replacement part(s) or product (or a comparable alternative product) to replace those which have proven defective in materials or workmanship within the warranty period on that product or part as stated above.

ROHL LLC will not assume liability for labor expended, freight cost or damages accruing from the use of the material purchased from us. If material is defective, the limit of damage is the price of the defective material. Proof of purchase (original sales receipt) from the original consumer purchaser must be made available to ROHL LLC for all warranty claims. The warranty is not transferable and is extended solely to the original purchaser of the product, so long as the product remains in its original installation.

Warranty Exclusions and Disclaimers — This warranty is for normal domestic use only and excludes defect or injury caused by or resulting from misuse, abuse, neglect, accidental damage or improper installation.

WARRANTY, BREACH OF CONTRACT, NEGLIGENCE, STRICT TORT, OR ANY OTHER LEGAL THEORY. DAMAGES THAT ROHL WILL NOT BE RESPONSIBLE FOR INCLUDE, BUT ARE NOT LIMITED TO: LOSS OF PROFITS; LOSS OF SAVINGS OR REVENUE; LOSS OF USE OF THE PRODUCT OR ANY ASSOCIATED EQUIPMENT; COST OF CAPITAL; COST OF ANY SUBSTITUTE EQUIPMENT, FACILITIES, OR SERVICES; DOWNTIME; THE CLAIMS OF THIRD PARTIES, INCLUDING CUSTOMERS; AND DAMAGES OR INJURY TO PROPERTY.

This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

In addition, the Limited Lifetime Warranty and term Limited Warranties do not apply to the replacement of components where damage is caused by normal wear and tear, including without limitation excess mineral deposits from water. As a special note, avoid all cleaning products that contain abrasives, ammonia, bleach and alcohol. They may damage the finish. Also, use only non-silicone caulking adhesive or plumbers putty for installation. Do not use lead based acidic curing adhesive or mastic when installing product. Silicone caulking may also degrade brass material. The use of Blue RTV silicone during installation will void the product warranty. Due to the harsh environment of sun, wind, rain and snow, installing ROHL products for outdoor use voids the warranty.

General Disclaimer — All warranties other than the express Limited Warranty herein contained, including but not limited to any implied warranty of merchantability or fitness for a particular purpose, are limited in duration to the applicable warranty period set forth above, or the applicable limitations period set by your state, whichever is shorter. Some states do not allow limitations on how long an implied warranty lasts and some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

No Other Warranties — Unless modified in a writing signed by both parties, this agreement is understood to be the complete and exclusive agreement between the parties, superseding all oral or written prior agreements and all other communications between the parties relating to the subject matter of this agreement, including statements made by salespersons. No employee of ROHL or any other party is authorized to make any warranty in addition to those made in this agreement. The buyer is warned, therefore, to check this agreement carefully to see that it correctly reflects those terms that are important to the buyer.

Foreign Outlets Online — One of the benefits of the Internet is that it has granted consumers the opportunity to learn about and purchase products from previously unknown foreign companies. Unfortunately, some foreign distributors who sell the foreign versions of ROHL's products have promoted these products for shipment to the United States. Though prices may look appealing, these products are not designed to be installed in American homes and significant problems may result. ROHL uses domestic distributors to ensure that its products meet American plumbing installation standards and have American plumbing code approvals. ROHL will no service, warrant, nor provide customer support for product purchased from foreign distributors.

Commercial Limited Warranty — ROHL warrants its products installed in a commercial application to be free from manufacturing defects for a period of one (1) year from the date of acquisition by original owner. IN COMMERCIAL INSTALLATIONS, THE ONE-YEAR LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
