

BROCHURE

Looking for shutters that elevate your home; beautiful, sustainable, and built to last? *You're in the right place.*

Stand out with MYT Shutters; where innovation, quality, and sustainability come together. With an exclusive focus on shutters, all crafted in our own factory, we ensure consistent quality, meticulous attention to detail, and designs that complement any home beautifully. Our commitment to the future is just as strong, with innovative eco-friendly packaging and responsible manufacturing at the core of everything we do.

Our collection is made up from **Timber**, **Polymer** and **Aluminium** shutters, each designed to suit different spaces and lifestyles. Every range can be fitted with our patented Supatilt system, the invisible tilting mechanism, that delivers smooth and precise blade control unlike anything you've experienced.

Discover the possibilities in this brochure, or experience it in person in one of our showrooms. For more information, visit mytshutters.com.

Designer colours *leading the latest trends in the industry*

The colour palette of your interior will determine the setting and ambiance of your home, so choosing the right colour for your shutters is essential. At MYT Shutters we have the most contemporary colours available, and only use the highest quality water-based paints and stains to achieve a perfect finish. Whether you choose a rich black stain for a modern look, or an oiled Cedar shutter for a natural and elegant style, our MYT specialists can advise you on all the options available to you.

- Water-based paints with low VOC, safe for children, people with asthma and pets
- 30+ standard paint and stain colours
- Paulownia with three finish options: Smooth, Natural (half open grain), and Brushed (full open grain)
- Custom colours available on request
- 5 year warranty on our paint finish

Timber Shutters

Our timber shutters are crafted from lightweight, sustainably sourced Basswood, Paulownia and Western Red Cedar, never any MDF or ‘Engineered wood’, to ensure long-term stability and a superior finish. Each timber sort offers its own natural beauty; from the fine, straight grain of Basswood to the warm tones of Cedar and the soft, textured character of Paulownia. Timber provides excellent strength-to-weight performance, superior insulation and a wide range of colours, shapes and design options, making it the most versatile and popular choice for many

Timber Features

- Dual Closure
- Paulownia, Basswood or Western Red Cedar
- Blade sizes 47mm, 63mm, 76mm, 89 and 114mm, in elliptical and flat
- Exclusive Heritage shutter with a bevel-edged blade
- Supatilt, Clearview, Centre Tiltrod, Offset Tiltrod
- Reinforced Mortice and Tenon joints for strength and long-term stability
- Engineered Stiles to resist warp or bowing
- Huge range of Standard Framing and Custom Framing also possible
- Most shapes available for Basswood and Cedar

The Heritage Collection

Elevate your interiors with a designer shutter that goes beyond function. The Heritage Collection is defined by its signature bevel-edged louvres, which interlock seamlessly when closed to create a smooth, architectural finish. The bevelled blade design improves light deflection by creating a cleaner overlap between blades, reducing the light bleed typically seen with elliptical profiles.

Designed for those who appreciate refined detail, Heritage transforms a window covering into a statement piece; bringing depth, texture and timeless style into any space.

One Signature Design. *Three Distinct Finishes.*

Heritage Pure

A sleek, contemporary finish with smooth painted or stained surfaces, perfect for clean, modern interiors.

- Smooth finish, painted or stained
- 11.4mm bevelled blade
- Shaped options

Heritage Natural

A softly textured finish that reveals natural grain detail, creating warmth and natural character.

- Textured wood grain finish, painted or stained
- 11.4mm bevelled blade

Heritage Luxury

Western Red Cedar with a thicker blade and rich finish that enhances natural tones for a sophisticated, high-end aesthetic.

- Smooth finish, oiled, lacquered or painted
- 15mm bevelled blade
- Shaped options
- Interior and exterior

Polymer Shutters

Transform your home with our Polymer shutters, crafted for style, strength, and everyday living. Our specialised coating makes every MYT Polymer shutter resistant to water and UV, and is designed to replicate the refined look of painted timber with a smooth, consistent finish. Perfect for bathrooms, kitchens, and other high-humidity spaces, yet elegant enough for living rooms and bedrooms.

Discover our newly released PolySmart, a polymer shutter featuring an innovative hollow-blade design, a lighter, more stable shutter that outperforms industry-standard PVC and has improved thermal efficiency. Polymer and PolySmart offer timeless style and long-lasting practicality throughout the home.

Polymer available with local manufacturing for faster lead times and greater flexibility.

Polymer Features

- Slimmer 40mm, and standard 51mm side stile
- Blade sizes: 63, 76, 89, and 114mm. PolySmart blade sizes: 89mm (76mm to be released soon)
- Available in 14 paint colours with a silky-smooth surface finish
- Designed for long-term durability and minimal maintenance
- A discreet anti-sag plate, for added stability and to prevent scuffing on the frame edge
- PolySmart lighter than solid core PVC and MDF shutter alternatives
- Crafted from high-grade virgin polymer for long-lasting colour stability
- Water resistant, termite proof, hypoallergenic, fire retardant
- Certified non-toxic. EU REACH compliant
- Fast lead times with Local Made polymer shutters
- 5 year paint and 15 year structural warranty
- 30 year warranty on our Polymer material

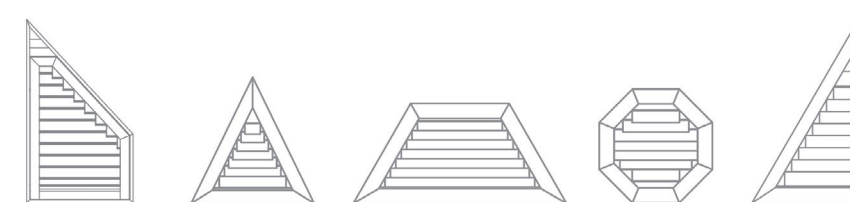

Aluminium Shutters

Strong, durable, and built to withstand the elements, our Aluminium shutters are perfectly suited for outdoor spaces. A refined, architectural aesthetic that balances strength with timeless design.

Engineered for performance, they feature a high-quality exterior coating that resists scratches and stands up to even the harshest weather conditions. Custom-made with precision and care, our Aluminium range brings a distinctive, industrial yet classic look to any home or business.

Aluminium Features

- Available in Horizontal or Vertical blade orientation
- 89mm and 130mm Elliptical blade
- 89mm S Blade and 130mm Elliptical Blade with Supatilt comes standard with a soft close Mohair seal
- Patented Supatilt for no visible bars or rods
- Patented concealed blade tension device
- Spring loaded adjustable blade lock with 4 preset positions
- Door handle and key lock available
- The highest quality, aircraft grade T6 Aluminium
- Scratch resistant coating on our exterior paint finish
- 10 year warranty on paint finish
- Motorisation available
- Special shapes available

Custom made sustainable shutters

Choosing MYT Shutters means making a conscious decision for quality and sustainability; knowing you're investing in a thoughtfully crafted product. Our commitment to sustainability includes major reductions in packaging waste, water-efficient paint processes, and the recycling and reuse of all timber, polymer, and aluminium offcuts in our manufacturing processes.

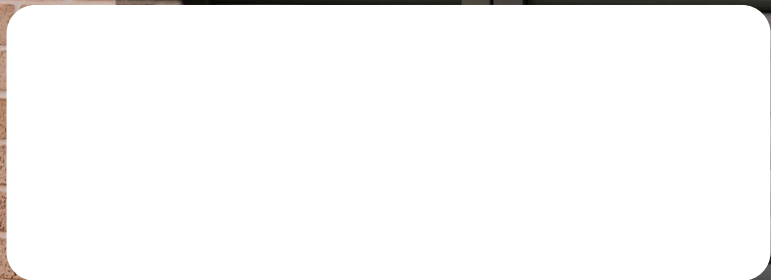

We stand behind our products with a 15 year structural warranty and a 5 year paint warranty, reflecting the confidence we have in the quality we deliver. With a 100% focus on shutters, each product is custom made with precision and care, ensuring a solution tailored perfectly to your space.
