# Fall arrives: leasing slowdown and winter prep

September 2024

Dear Owners,

The calendar has turned on another month and the books have been closed! Fall draws near, football season has kicked off, the iconic pumpkin spice latte is back at Starbucks (full disclosure: I've never been a fan!), and Halloween decorations and candy are flooding the stores. We're heading into our absolute favorite time of the year!

This also brings the beginning of our seasonal leasing slowdown. If there is a current or upcoming vacancy, we'll work to fill it promptly so it doesn't linger any longer than needed. We'll also be prepping for winterization needs.

October brings the last installment of 2024 property taxes. If you would like us to pay the taxes on your property's behalf, please send a quick note with your approval to hello@westseattlepm.com.

Please email hello@westseattlepm.com with any questions.

Best regards, West Seattle Property Management
