## General description

---

At Bryanston we blend traditional values with a modern, innovative approach to education, captured in our motto, “et nova et vetera” – meaning the best of both the new and the old. We take pride in offering a diverse range of academic options, allowing our pupils to follow different pathways when they leave school. As one of few UK schools offering the International Baccalaureate, A Levels, CTECs or a combination of these, we inspire our pupils to explore a broad range of opportunities. Whether they choose to go to top universities in the UK or abroad, attend music, art, performing arts and dance conservatoires, join apprenticeships or pursue entrepreneurial ventures, our pupils leave with the skills and confidence to excel.

At the heart of Bryanston Prep and Senior school’s ethos is a deep understanding of how pupils learn, as well as what they learn. Central to this is our unique Bryanston Method, which champions independent learning beyond the traditional classroom. Each pupil is assigned a personal tutor who meets with them weekly, providing guidance and support throughout their time at the school.

Creativity is embedded in everything we do, extending across our four pillars: Creative & Performing Arts, Sports, Entrepreneurship & Innovation and the Digital World. The school recently appointed its first head of Entrepreneurship, Innovation & Employability.

Bryanstonians embody a spirit of enquiry, challenging convention and emerging as confident, curious individuals, well-prepared for life beyond school.
