## General description

### Mill Hill School

Ages 13-18

Day and Boarding School (weekly and full)

Co-educational

With its aims of instilling values and inspiring minds, Mill Hill School educates boys and girls aged 13 to 18 and offers day places alongside weekly and full boarding. Founded in 1807, Mill Hill is the oldest and largest school in the [Mill Hill Education Group](#), and one of the UK's leading HMC schools.

Seeking to equip pupils for both present and future life, the school provides a stimulating academic environment and offers numerous activities outside the classroom to encourage learning and personal growth. Committed to the development of every pupil, the school believes that its friendly and supportive community plays a vital role in fostering this growth.

Situated in Mill Hill and set in 120 acres of beautiful grounds, just 10 miles from Central London with easy access to underground and main line train stations. The grounds provide a spacious setting for the academic buildings, boarding houses and extensive sports facilities, we say it is "London in the countryside".

It is seen as the best of both worlds - a blend of tradition and modernity and a real steppingstone for pupils looking to continue onto University in the UK.

## What the school is known for

### Location, Space and Facilities

We have a world class learning environment. Few schools can boast the setting, facilities and sheer space that Mill Hill has to offer, all within easy reach of Central London.

Our School offers the best of both worlds – the vibrant city life and the tranquillity and safety of the countryside. We benefit from our own dedicated site on the Mill Hill Schools campus, which occupies over 150 acres of beautiful grounds.

We have top of the range sports facilities, complete with a full gym and swimming pool, along with an in-depth library, fantastic Music studios, state-of-the-art Science labs, Cookery rooms, a theatre with a sound and lightbox and a dedicated Sixth Form centre.

### Academically Aspirational

Our School's academic rigour and support sets us apart, with a wide choice of subjects that caters to the needs of our diverse pupil body. With that, our unique setting, history and culture allows us to recruit and retrain the very best teachers in the UK, allowing us to have a talented, dedicated team of teachers. We consistently demonstrate impressive academic results, with students achieving the necessary grades needed for their next step in their educational journey.

## **Wellbeing**

The wellbeing of our pupils is at the core of everything we do. We have an intricate web of support systems in place, ensuring that each pupil feels valued and cared for.

We also have a historic House system that creates smaller communities, with an average of 80 pupils per House, of pupils and teachers within the School. It deepens our culture in many and varies ways, bringing opportunities for pupils to develop a wide range of talents. Your child's Housemaster/mistress will be a key figure throughout their education.

## **Extensive co-curricular activities and leadership opportunities**

"The co-curricular programme engenders pupils' interests as well as develops pupils' knowledge, skills and understanding. This is a significant strength of the school." - ISI Inspection Report 2024

Participation in the co-curricular and leadership opportunities is a vital part of every pupil's experience at the School. We encourage pupils to explore new interests and skills which will change them and stay with them for life. With such a vast offering, from Astronomy Club to Video production, from Rugby to Jazz Band, there is something for everyone. If pupils express a new interest and wish to make a club, we will make happen.

Being a small school has the advantage that there are many more opportunities to be selected for leadership roles. From being appointed Prefect to representing the Student Council, there is something for everyone to leave their mark at the School.

## **Boarding**

We welcome full and weekly boarders from many backgrounds and locations, in the UK and around the world. While our Houses have rich histories and traditions, our boarding model is modern and non-hierarchical.

All boarders come together as a wider community for breakfast and supper. They also get involved with a variety of evening and weekend activities, society meetings, creative and academic workshops, and trips in and around London.
