The image shows two side-by-side screenshots of the Medicare.gov website. The left screenshot is the 'Log in' page, featuring a 'USERNAME' field, a checkbox for 'Save my username for next time' (with a warning not to use shared devices), a 'PASSWORD' field with a 'Show' toggle, and a 'Log in' button. A link for 'Forgot your username or password?' is at the bottom. The right screenshot is the 'Create an account' page, which states that a secure account allows access to information anytime. It lists four benefits: getting a summary of current coverage, adding drugs and pharmacies, using saved drugs to compare plan costs, and accessing the 'Medicare & You' handbook. A 'Create Account' button is at the bottom.
