State Treasurer
- July 1, 2026
District Announces District Contestants

Participating club contestants will compete among clubs within their district in a friendly fundraising competition

The contestant raising the highest total funds in each district will advance to represent their district at the State level.

Each contestant earns one-third (1/3rd) of the funds raised directly for their club.

The contestant with the highest total funds raised at the club level will advance to the district-level competition. The top contestant from each district will then advance to the state competition, where the contestant with the highest total funds raised will be crowned State King or Queen.

Contestant may be a couple or single individual.
