## League Scoring and Eligibility

League net scoring is based on 18 holes for “Individual Games” and most “Team Games” in the schedule. Net score is what you shoot less your 18 hole handicap.

“Phantom” scores needed to complete a team competition round will be assigned as per committee scoring guidelines.

Players completing a minimum of 14 weeks of League play, will be eligible for the League Championship Trophy (best average net score).

The 14 week minimum is reduced periodically depending on rainout guidelines at the discretion of the committee.

## Pro Shop Vouchers

Pro shop vouchers will be applied to League player accounts each week. Vouchers may be used to purchase pro shop merchandise at any time. All pro shop vouchers will expire on Oct. 15<sup>th</sup> of the year awarded.

Vouchers are not usable for green fees, rentals or food and beverage items.

## Handicap Records

All League players have a handicap account with our new tournament management software Golf Genius. All of your 18 hole individual scores on League day will be entered into Golf Genius software by Pro Shop staff or Committee Members following your round. If you are new to the League, you require a minimum of three scores entered to establish a handicap.
