League Scoring Format

League scoring is based on your weekly net score. Net score is what you shot less your nine hole handicap. Anytime you reach a score of 9, please pick up your ball until the next hole. Each week pro shop vouchers are awarded to top net scores in each flight (A, B, C). Your weekly net score is averaged out over the entire season. Players completing a minimum of 14 weeks of League games, will be eligible for the League Championship Trophy (best average net score). Prize vouchers are also awarded for weekly closest to pins, Net Skins and the annual team game. CTPins will be on first shot.

Pro Shop Vouchers

Pro shop vouchers will be applied to League player accounts each week. Vouchers may be used to purchase pro shop merchandise at any time. All pro shop vouchers will expire on Oct. 15th of the year awarded.

Vouchers are not usable for green fees, rentals or food and beverage items.

Handicap Records

All League players have a handicap account. All of your 9 hole scores on League day will be entered into our new Golf Genius Tournament Management software by Pro Shop staff. League handicaps will be based on League scores only. If you are new to our League, you require a minimum of 3 scores to begin establishing a handicap and then you will be eligible to weekly net prizing.
