

The mission of the Alexander Briseño Leadership Development Program (ABLDP) is to enrich leadership and professional development through strategic planning, change management, teamwork, sustainability, and civic engagement.

The ABLDP is a seven-month program that will provide participants with the skills to succeed in today’s working environment. The program provides networking and learning opportunities with existing and emerging civic and corporate leaders in the San Antonio area, as well as promoting leadership on boards and commissions. During the program, individuals learn to apply the tools that make leaders and organizations great while elevating their own level of performance and effectiveness in their careers, and as leaders in the community.
