A PERFECT GATHERING,
A HAPPY PLACE

A Wine Tasting Room. Not a bar.

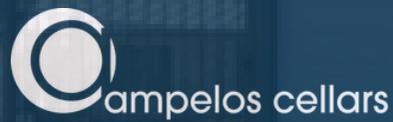

About Us

OUR WINE STORY

Swallow Wines was born out of a mutual desire to capture our yearly visits with passionate California winemakers and to share those priceless experiences with everyone we know.

Swallow Wines offers a wine tasting experience centered around approachable elegance and operates as a winery in Texas. As a permitted winery, we have the privilege to directly purchase from out-of-state wineries, eliminating the necessity for a third-party distributor or broker. Swallow Wines maintains direct connections with 29 California winemakers, enabling us to gain insights into their craft and share their vision.

Host your private event at Swallow Wines
