#### A happy place, a wine tasting room, not a bar.

Swallow Wines is a licensed Texas winery and connects directly with 29 California winemakers, offering insights into their craft and ensuring high-quality, carefully curated wines without third-party distribution or brokers

Swallows are social birds that gather and nest together, symbolizing community and connection. Wine tasting is a social experience best shared with friends, which is why Swallow Wines embraces that spirit. Our logo uses clever negative space to integrate a swallow bird and a wine glass into one unified image.

Our exclusive Cellar Club Members helps maintain our cellar. We handle everything ourselves, from tasting to refrigerated transport from California to Texas. These wines are only available at Swallow and nowhere else in town.

Swallow Wines proudly support small, boutique producers and underrepresented winemakers, including those from LGBTIA+, Women, and BIPOC communities, to bring fresh perspectives and innovation to their offerings.

Gabe and Matt Ellis, both native Texans and former professionals in tech and retail, left their careers to create Swallow Wines, marking a new chapter in their journey and passion for the wine industry.

The artwork displayed on our tasting room walls is by Don Snell (1922–2014). Don Snell was an acclaimed American artist known for his abstract figurative paintings. All paintings and bronze sculptures showcased are available for purchase. Learn more at swallow-wines.com/donsnell.
