Hallow
Catholic Prayer & Meditation App

In order to best serve our parish, we have been looking at different online platforms to help you grow in your faith. For years, we have offered "Formed" free of charge, yet there is another platform that many of our parishioners already use, which is an app called Hallow.

Hallow is a popular Catholic prayer and meditation app designed to help users deepen their relationship with God through guided, audio-based sessions. It offers daily prayers, Bible studies, and mental health content, featuring meditations, the rosary, Lectio Divina, music, and so much more. Hallow often features well-known figures like Fr. Mike Schmitz, Bishop Robert Barron, and Jonathan Roumie.

Now for your part...

to see if this is a good fit, we are inviting you to visit the website or download the app and try out Hallow for free. The free version will be a limited subscription, but you will get the feel of how it works and what you would utilize for your own spiritual needs and the needs of your entire family. Please share your thoughts about Hallow via email to: stbarb@dcwy.org
