

THOSE IN NEED

ST. JOSEPH'S CHILDREN'S HOME

\$3.5 MILLION | \$4.5 MILLION IN LEGACY GIFTS

Since 1930, St. Joseph's Children's Home in Torrington, Wyoming, has been a haven for youth in need. Serving children ages 6-17, it offers psychiatric care, therapy, education, and spiritual support.

Despite state and federal funding, rising costs require \$1.5 million annually in private donations. Currently, staffing shortages limit capacity to 40 of 62 licensed beds, resulting in long wait times for those in need.

To fully utilize its capacity, St. Joseph's aims to raise \$3.5 million over five years and \$4.5 million in legacy gifts. Your investment ensures vital support for Wyoming's most vulnerable youth.
