

Welcome to fall, and our latest update on the final phase of our Capital Campaign—the Church Refresh Project.

After many months of planning, construction, and inconvenience, the major work on our Church Refresh Project has now been completed. It is wonderful to once again gather in our renewed church and enjoy the vision that so many parishioners helped make possible.

While the major construction is behind us, please remember that **the financial obligations associated with the project are not yet complete**. We continue to have outstanding bills to be paid, as well as several smaller miscellaneous projects and finishing items that remain to be completed.

For this reason, we ask everyone who made a commitment to our Capital Campaign to **please continue making your pledge payment until your commitment has been fulfilled**. The parish entered its project obligations based upon the pledges made during the campaign, and the continued fulfillment of those pledges is important as we pay our remaining bills and bring this final phase to a successful close.

To those who have completed their pledges, and to those who continue to faithfully make payments, **thank you for your generosity and honoring the commitment you made to St. Joseph Parish**. Every pledge—large or small—has played an important role in what we have accomplished together.

For any parishioner who still wishes to contribute to the Capital Campaign, donation envelopes are available in the narthex on the table beneath the Capital Campaign sign.

As we enjoy our renewed worship space this fall, please remember that this project was made possible not by any one person, but by the collective generosity, sacrifice, and faith of our parish family.

Thank you for your continued generosity and support of St. Joseph Parish. Please continue to keep our parish, our Capital Campaign, and all those we serve in your prayers.
