Project Based Vouchers. AHA allocated 43 PBVs for the new construction project Sanctuary on Potomac (Sanctuary). AHA allocated 10 PBVs for the new construction project Wagoner on the Creek (WoC). (c) If using Project-Based Vouchers, provide the projected number of project-based units, general locations, and describe how project-basing would be consistent with the PHA Plan. Project Based Vouchers. Sanctuary is permanent supportive housing being built on the Potomac care campus spearheaded by Aurora Mental Health and Recovery (AuMHR). Project basing 43 vouchers is consistent with AHA's priorities to build new units, maintain long-term affordability, integrate developments into neighborhoods with schools, shopping, and services within walking distance or accessible via public transportation. Site and Neighborhood: Sanctuary is part of a 7.3-acre campus located on 1280 S. Potomac St. It is part of a transformational model co-locating three critically important social determinates of health: affordable housing, mental health services, and affordable health care. This safety net campus will feature 43 units PSH mental health services (including crisis stabilization, respite care and substance use treatment), and community health care services. The surrounding neighborhood provides access to medical care, shopping, recreation, and transportation. Sanctuary meets AHA's threshold requirements of Site Control and Land-use Entitlements as evidenced by the Special Warranty Deed. Total Units/PBV Units: Sanctuary will provide 43 units of one-bedroom apartments for PSH. Referrals for these units will come directly from AuMHR. The project-based vouchers will provide subsidies for residents engaging in treatment with AuMHR. According to Kathy Snell, the Chief Strategy Officer and Operations Director for AuMHR, the center served 10,542 clients in 2025 that lacked housing. Referrals for the units at Sanctuary will come from these clients. The project basing of vouchers is consistent with a few goals in the PHA Plan such as Goal #4 "Increase Availability of secure and affordable housing: Strategy a. Add affordable housing units to the market. PBVs are one vehicle to provide additional units for lower income families in developments that otherwise would not be feasible. Project Based Vouchers. Project basing 10 vouchers is consistent with AHA's priorities to build new units, maintain long-term affordability, integrate developments into neighborhoods with schools, shopping, and services within walking distance or accessible via public transportation. Further, the project will continue AHA's work to build sustainable and energy efficient buildings that last - using materials and design that equal that of market-rate apartments. Site and Neighborhood: WoC is located at 1900 S. Chambers Rd. on a 2-acre parcel of vacant land. The population served will be people or families experiencing or near homeless with significant supportive services offered on site. The property will feature 60 units of PSH, full client assessment, psychiatric and substance abuse counseling, case management, employment and job-related services, and a private medical exam office. The PBVs will provide subsidies for residents recently released from justice involvement in Arapahoe County. The surrounding neighborhood provides access to medical care, shopping, recreation, and transportation. WoC meets the threshold requirements of Site Control and Land-use Entitlements as evidenced by the Special Warranty Deed. Total Units/PBV Units: WoC will provide 60 units of one-bedroom apartments for permanent supportive housing. PBVs will provide subsidies for residents recently released from justice involvement in Arapahoe County. The project basing of vouchers is consistent with a few goals in the PHA Plan such as Goal #4 "Increase
