
ShadeFlex®

ShadeFlex®

ShadeFlex sets the standard for retractable canopies and pergolas, seamlessly merging indoor comfort with outdoor living through refined aesthetics, and reliable performance. Created and built with precision and an architectural mindset, every canopy and shade structure is designed to elevate exterior spaces for both residential environments and commercial properties.

At the heart of everything we build is a simple idea: outdoor living should feel as effortless as it is inspiring. ShadeFlex canopies and shade structures are the result of creativity backed by decades of industry experience, and leading-edge technology.

Ultimately, it's about creating spaces that invite you outside more often and keep you comfortable once you're there. With ShadeFlex, outdoor living becomes less about managing the environment and more about enjoying it.

ShadeFlex Fit Retractable Canopy
