WALL PERGOLA

Wall Pergola in Classic White

Wall Pergola has the same elegant design as the original Trex Pergola, and can be custom manufactured to fit over just about any entryway or window on your home.

Whether you're looking to add some dimension to the front of your garage or a little shelter while you pause to unlock your door, Wall Pergola is the easy-to-install solution. Wall Pergola also functions as a practical sunscreen when trying to cut down on interior heat transfer.

FINISHES

Cellular PVC Trex Pergolas come standard with a smooth matte white finish that is ready to provide many years of carefree enjoyment and beauty. They may also be finished with our exclusive ColorLast finishing process for an additional cost. ColorLast allows you to coordinate your shade structure with decking and railing, or any other outdoor living element in your design.

Aluminum Trex Pergola models are finished using a proprietary powder coat finishing process. This ultra-durable finish provides structures with superior durability and color retention delivering a finish that will stand the test of time. With a variety of rich colors, including metallics and micas, your shade structure will stand out from the rest.

COLUMN SELECTION

Our selection of fiberglass columns, for cPVC Trex Pergolas, complement a wide variety of architectural styles.

Columns come standard in our ColorLast painted finish or may be custom painted to match any color.

Trex Shade canopies, shutters, and shade panels are the perfect way to add interesting designs and cooling shade to your home and outdoor spaces.

Perfect for shading entries and windows, canopies preserve the interior and exterior elements while significantly lowering indoor temperatures.

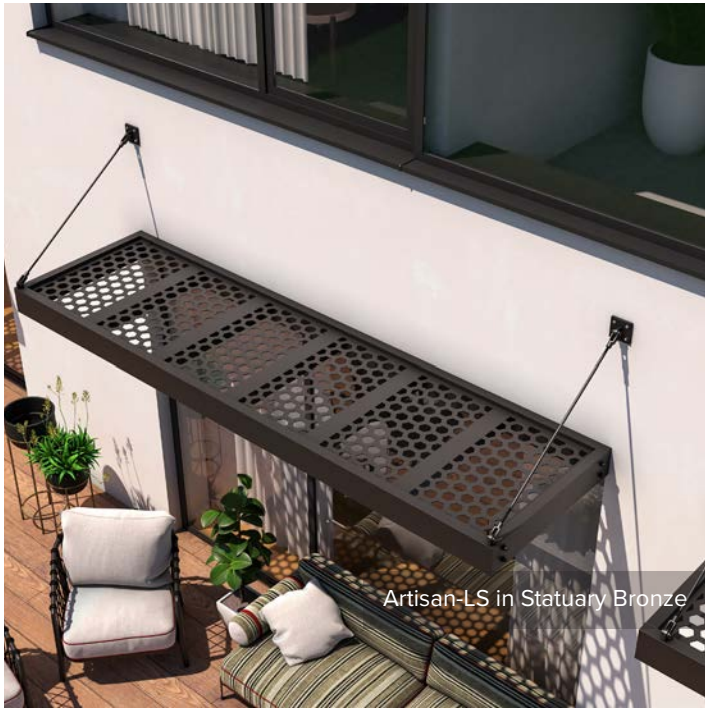

Stylish protection from the elements. Hand crafted Bahama Shutters offer beauty, durability, and a unique look to your home.

Design forward shade panels enhance the cooling effect of your structure. Trex Shade Panels are custom sized to ensure the perfect fit and optimal shade.
