

2027 SLX 260 OB

The 2027 Sea Ray SLX 260 delivers luxury, performance, and standout style in one package. Finished in Quantum Blue with a crisp white bottom and trim, it's powered by a 400 HP Mercury Verado V10 outboard for smooth, commanding performance on the water.

This SLX 260 comes loaded with the Anchor, Comfort, Entertainment, Essential, Lighting, and Water System Bundles for maximum comfort and convenience. A power tower adds watersports functionality with a sleek profile, while electric trim tabs with indicator give the captain precise control over ride and attitude. Dual 9" Simrad displays create a modern helm command center, and a vacuum flush head adds everyday comfort.

Thoughtfully equipped bow to stern, this SLX 260 represents the best of Sea Ray's top-tier series — built for boaters who expect nothing less.
