

REGISTRATION HELP HUB

Find your program. Get registered. Get ready to play.

HOW IT WORKS

1 Select Colorado Region

2 Choose Your Sport

3 Register Online

EVERYONE IS WELCOME

Families from surrounding communities are welcome to participate. You don't have to live in the city where a league is located to register. Choose the location that works best for your family.

YOUR REGISTRATION CHECKLIST

Choose the right program

01 Confirm the sport, season, location, age or grade division and player registration option. Review the published dates and program details.

Use a parent or guardian account

02 Use an email address you check regularly. If you already have a TeamSnap account, use that account when prompted to sign in.

Enter accurate athlete information

03 Check your athlete's name, birth date, school, grade, contact information and emergency contacts. Complete every required field.

Add requests and review selections

04 Enter friend, teammate or coach requests in the designated field, if offered. Check uniform sizing and list known schedule conflicts where requested.

Read the policies and finish checkout

05 Review fees, program requirements, acknowledgments and the refund policy. Complete all required registration and payment steps.

Save your confirmation

06 Watch for a confirmation email and keep your receipt. Follow any remaining instructions and later team invitations sent by your program.

NEED HELP ALONG THE WAY?

Tap here for registration questions, policy links and help with next steps.

Program options and requirements vary by sport, location and season.

A little help getting started.

Tap the policy titles below to open the linked documents

Which division should I choose?

Use the age or grade eligibility shown on the specific registration form. If you are unsure, contact your program coordinator before selecting a division. Do not change athlete information to qualify for another group.

Can I request a friend, teammate or coach?

Add your request during registration where a request field is available. Requests and returning team placements are not guaranteed. An unmet request does not qualify for a refund. See the refund policy below.

How do I register more than one child?

Complete the required athlete information and selections for each child. Check that each intended registration is listed in your confirmation or receipt before submitting another registration.

Where do I enter a discount or voucher?

If your registration offers a promo code field, enter the code before completing payment and confirm the total updates. If a code or voucher is not working, contact your coordinator before paying.

What if checkout fails or I get no confirmation?

Check your email, spam folder and account registration status before trying again. If a charge appears but no registration is confirmed, contact your coordinator to help avoid a duplicate registration or payment.

Can I correct information or change programs?

Contact your coordinator with the athlete's name, sport, season, location and requested change. Availability and program requirements determine whether a change can be made.

When will I get my team and schedule?

Watch your registration email for program updates and TeamSnap invitations. Registration confirmation and team assignment may arrive at different times. Timing varies by program and season.

How do I register as a coach or volunteer?

Choose the designated coach or volunteer registration when offered, or contact your coordinator. Completing a player registration does not register an adult to coach. Complete all assigned screening and training before serving.
