

CHANGES *** CHANGES ** CHANGES

December 15, 2025

After working side-by-side for over 20 years Lisa Harrison and I have decided to turn over the reins of From the Heart to the next generation.

Effective November 30, 2025 Lisa has officially retired from the agency she helped craft and make successful.

Then on December 31, 2025 I will also be retiring as both President and Chairman of this great company.

I am very proud to announce that effective January 1, 2026 the new President and Chairman of the Board will be my son Dominic Scotto Jr. Dominic and his wife Amanda have worked together over the last year here at From the Heart to bring to the agency new technology and systems to improve caregiver and client relations.

I know Dominic, Amanda and their team will take this agency to new heights.

With warm regards

Dominic Scotto
