

Hello Ranch Residents:

We are excited to let you know there is a new amenity at our Ranch. We now have **6 new electric vehicle charging stations at the Ranch at Roaring Fork.**

Simply download the EVmatch mobile app ([Apple App Store](#) or [Google Play](#)) to conveniently reserve and pay for charging sessions. Once you download the app, you can create an EVmatch account, input your vehicle information, purchase charging credit, and enable push notifications.

NOTE: There are two pricing levels for KWH: owners and guests. Both are very reasonable and competitive; the guest level is slightly more expensive. YOU WILL NEED YOUR ACCESS CODE TO USE THESE CHARGERS. SEE INFO BELOW.

These new electric vehicle charging stations are located at the parking area of **253 Stagecoach Ln, Carbondale, CO 81623.** (Aka the sports courts)

Here is a quick [tutorial video](#) on how to charge your EV with EVmatch using reservations or Charge Now.

If you have any questions, you can reach out to EVmatch at support@evmatch.com or chat with EVmatch in the app.

Any other questions or concerns, please email rrfhoa.rrf@gmail.com

Best Regards,
Ranch at Roaring Fork HOA, Inc.

FOR GUEST USAGE:

Use the EVmatch app (App Store or Google Play) or evmatch.com to access six electric vehicle charging stations at:

253 Stagecoach Ln, Carbondale, CO 81623
Access Code for Guests

How To Use EVmatch Charging Stations

1. Download the EVmatch app, sign up for an account, and confirm your email address.
2. Once signed in to your account, input your electric vehicle information, purchase charging credit in your Wallet tab under My Account. You can add access code **GYDCV** under My Account.
3. Enable location tracking on your device to see nearby chargers or search the map for **4913 Highway 82, Carbondale, CO 81623**. You can also Charge Now by pulling up to a charger, selecting Charge Now from the menu, and entering the Charger ID listed on the station (the charger unlocks automatically with the Charge Now option).
4. Book a specific charging time.
5. At the beginning of your reservation period, plug the charging connector into your vehicle and then press the Start Reservation or Restart button in the EVmatch app under your Charges tab. Electricity will not flow until this button is pressed from a mobile device or computer.
6. Turn push notifications ON for the EVmatch app to receive reminders about your reservations and when to move your vehicle.
