

How to Create a Fundraising Team

When you fundraise for a TEAM project using Classy, you can create a fundraising team and invite other supporters to combine your efforts. Learn how to create a fundraising team in this guide:

Getting started

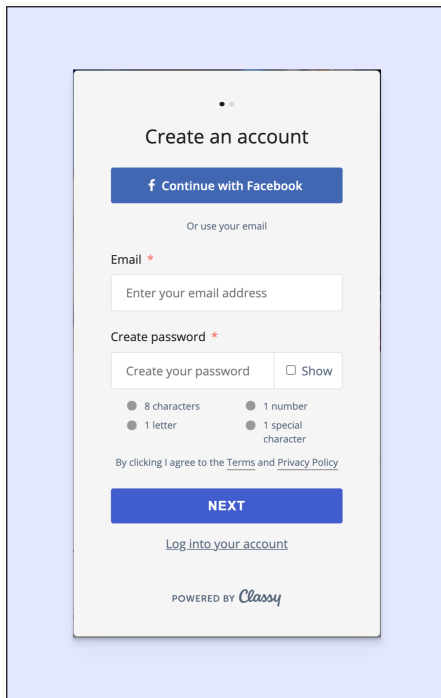

This guide focuses on creating a fundraising team page, but you can also join as an individual.

1. Go to the Project Page you want to fundraise for.
2. Select "Become a Fundraiser"
3. Select "Create a team" to create a fundraising team page

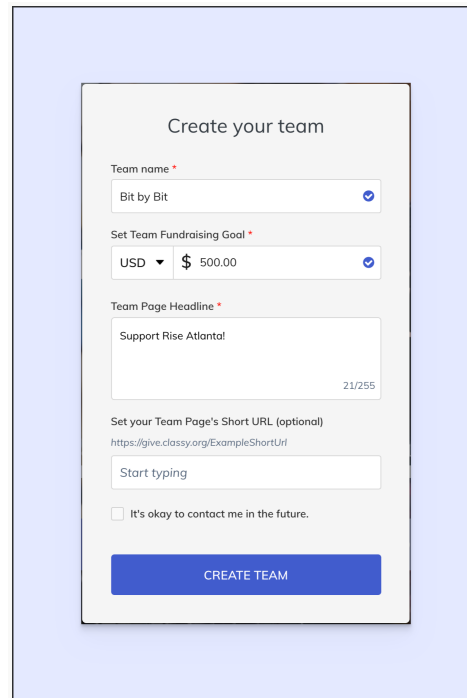

Complete the sign up form

Create an account using the sign up form. If you already have a Classy account, log into your account instead.

The screenshot shows the 'Create an account' form. At the top, there is a 'Continue with Facebook' button. Below it, the text 'Or use your email' is displayed. The form includes an 'Email' field with a red asterisk, a 'Create password' field with a red asterisk and a 'Show' toggle, and a 'NEXT' button. Password requirements are listed: 8 characters, 1 number, 1 letter, and 1 special character. A link to 'Log into your account' and the text 'POWERED BY Classy' are at the bottom.

The screenshot shows the 'Create your team' form. It includes a 'Team name' field with a red asterisk, a 'Set Team Fundraising Goal' field with a red asterisk, a 'Team Page Headline' field with a red asterisk, and a 'Set your Team Page's Short URL (optional)' field. The 'Team name' field contains 'Bit by Bit'. The 'Set Team Fundraising Goal' field shows 'USD' and '\$ 500.00'. The 'Team Page Headline' field contains 'Support Rise Atlanta!'. The 'Set your Team Page's Short URL (optional)' field shows 'https://give.classy.org/ExampleShortUrl'. There is a 'Start typing' input field and a checkbox for 'It's okay to contact me in the future.'. A 'CREATE TEAM' button is at the bottom.

Next, enter your fundraising page's details such as your fundraising goal, end date, and headline. Lastly, you can upload a profile picture for your fundraising page. We encourage this to help personalize your page, but you can always change your photo later.

Note: If you created an individual fundraising page and want a team page, reach out to the campaign's contact and let them know. If you instead repeat the process and create a team, this will create a duplicate fundraising page and be a little confusing in your supporter dashboard.

By requesting the campaign contact to add a team page and assign you as the team captain, you will keep your existing fundraising page and activity.
