

CUTTLEFISH CHARACTERISTICS

With the help of an adult, cut out all of the rectangles and squares with dotted lines on pages 1-3.

Place the two rectangles side by side, a few inches apart. Each will be the header of its own column.

Think about the trait listed on each square. Place it in the correct column to identify if it is a trait that cuttlefish have or not.

For each trait that cuttlefish **DO have**, discuss as a group how that trait helps cuttlefish survive.

**CUTTLEFISH HAVE
THESE AMAZING TRAITS**

**CUTTLEFISH DO NOT
HAVE THESE TRAITS**
