**LONG SNOUT**

**CLAWS**

**TONGUE**

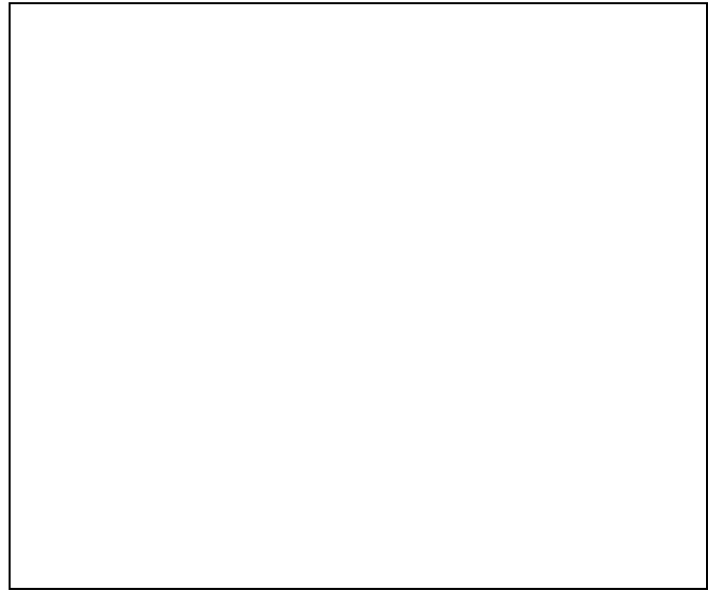

Write 3 words that describe  
a giant anteater's tail.

---

---

---

Draw an anteater using its tail like a  
blanket.

2.

# TAIL

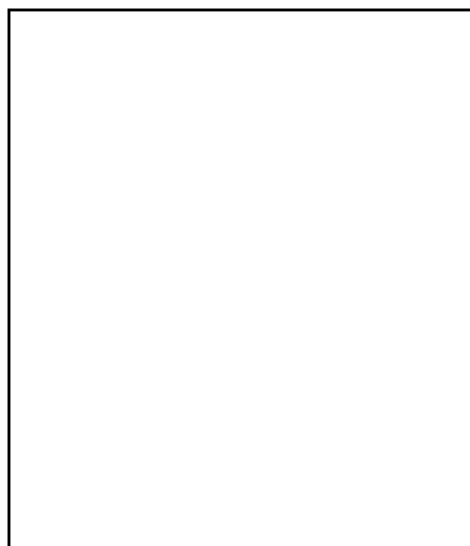

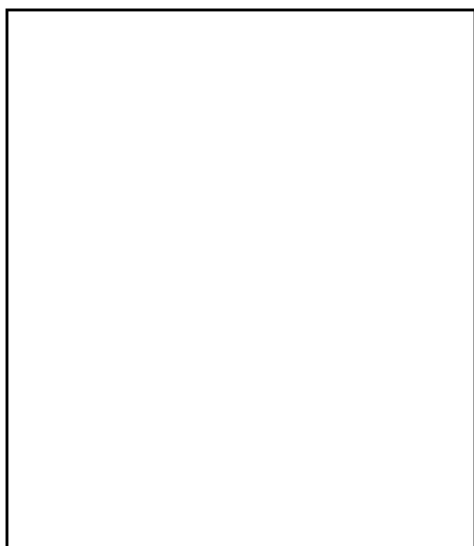

Cut here for page #2

Giant anteaters use their powerful sense of smell to find food. They eat...

\_\_\_\_\_ and \_\_\_\_\_ .

Draw three other animals that have a strong sense of smell.

3.

# LONG SNOUT

Cut here for page #3

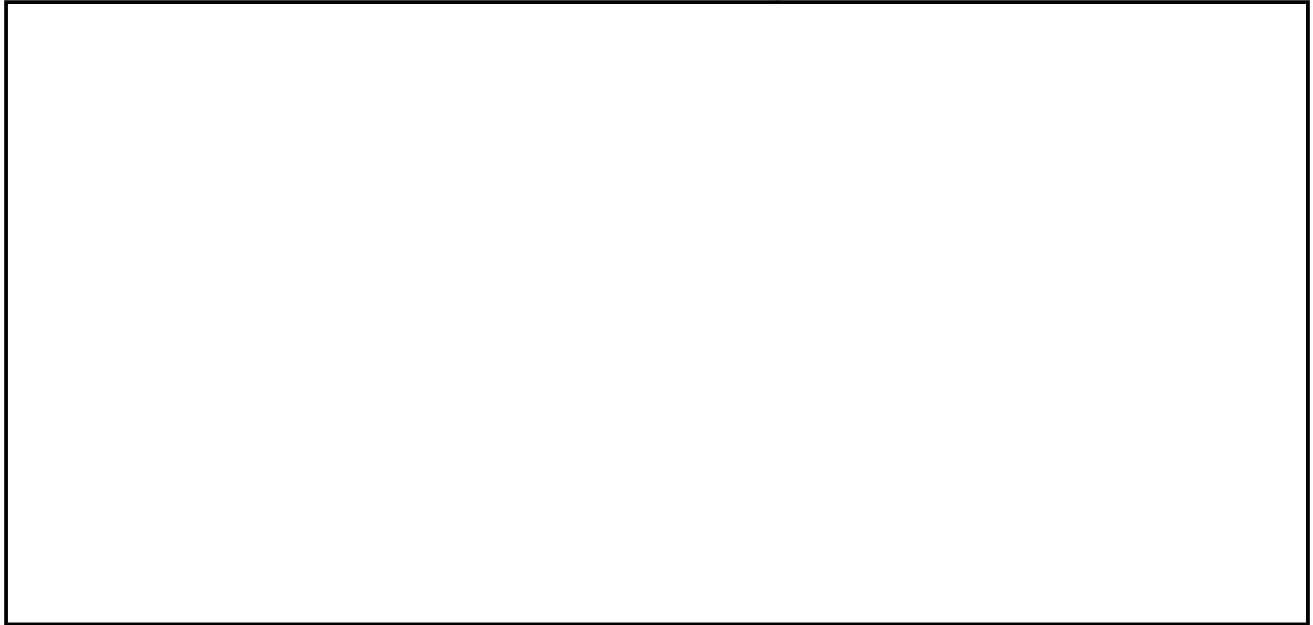

Giant anteaters have enormous claws. When they walk, they tuck their claws into their hands and walk on their knuckles.

Pretend you are a giant anteater. Explain to your parent or teacher why you walk on your knuckles.

Make sure you answer...

- Why are your big claws important?
- How does walking on your knuckles protect your claws?
- What would happen if you didn't walk on your knuckles?

**Draw an anteater using its claws.**

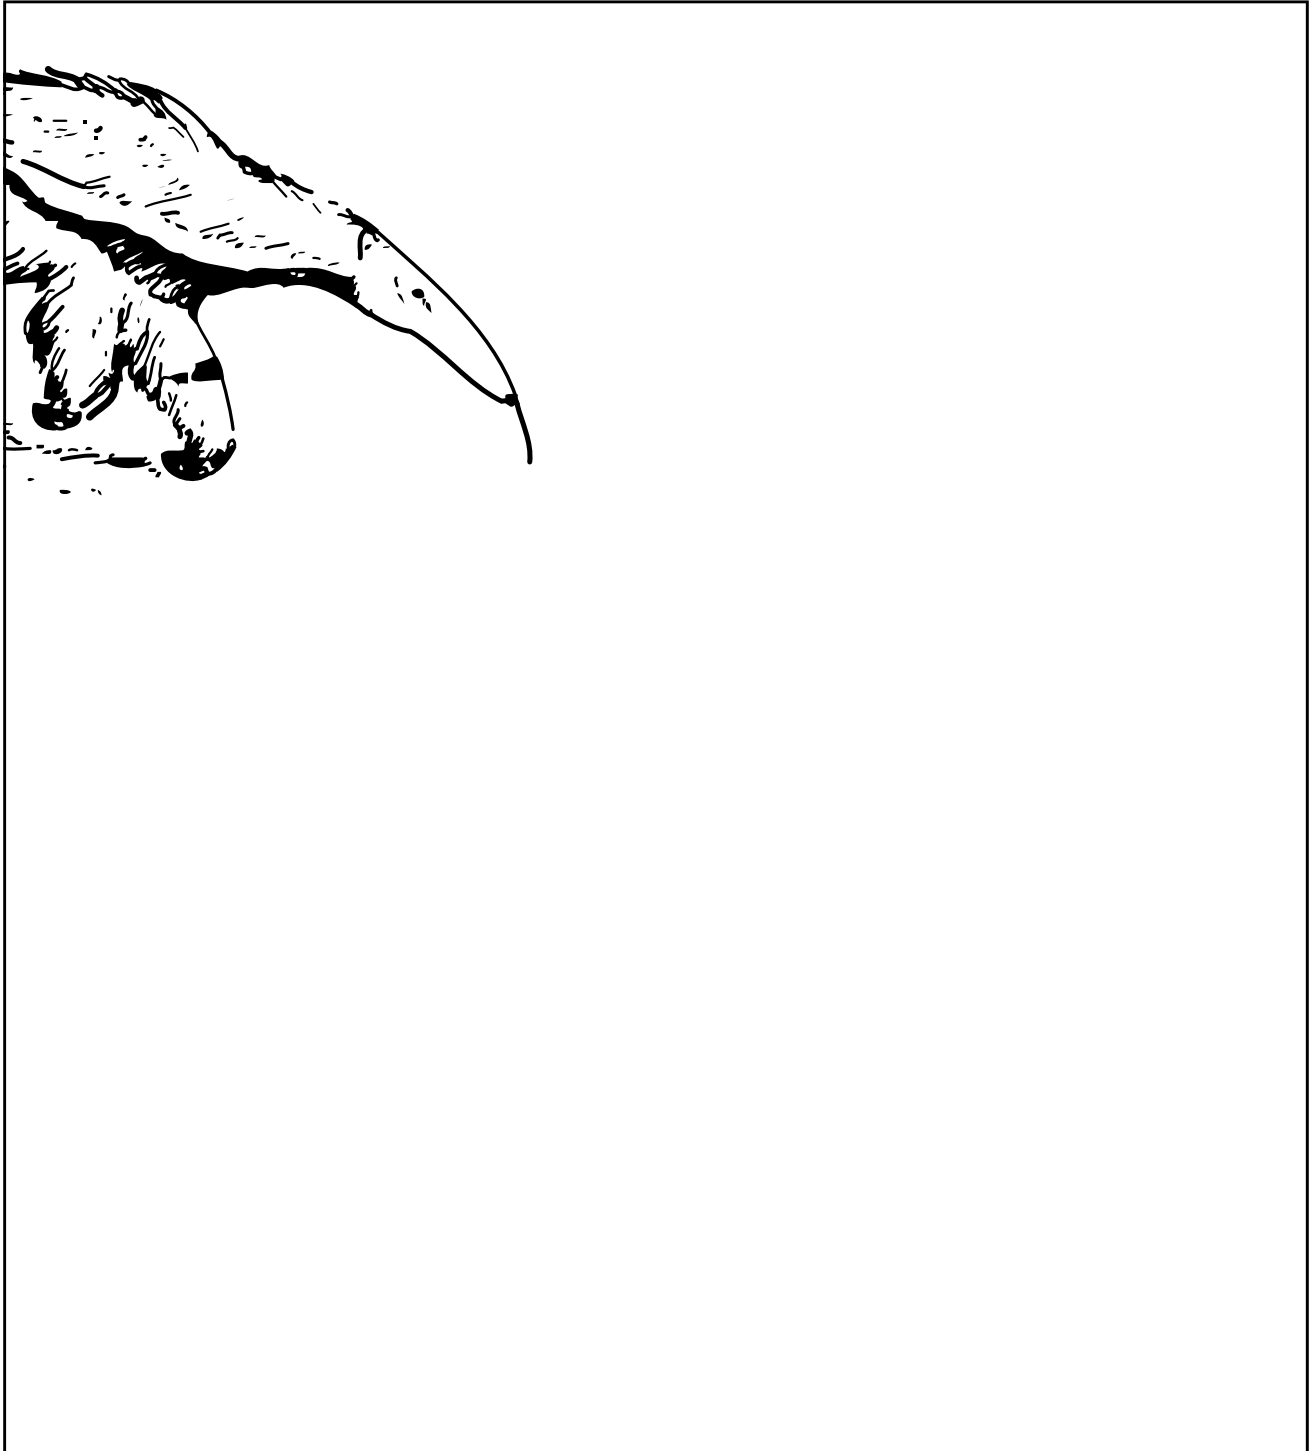

4.

# CLAWS

Cut here for page #4

Draw a giant anteater's GIANT tongue covered in ants and termites.

**TONGUE**
