

OWL CONSERVATION CHALLENGE

Select an owl species that lives near you and research it. Draw and color the owl and its habitat below.
Answer the questions on pages 2 and 3.

OWL CONSERVATION CHALLENGE

WHICH OWL SPECIES DID YOU SELECT?

WHAT DOES THIS OWL EAT?

WHERE DOES THIS OWL LIVE? (CIRCLE)

North America	Europe	Australia
	Asia	
Africa	South America	Antarctica

WHAT HABITAT DOES THIS OWL LIVE IN? (CIRCLE)

Forest	Desert	
	Tundra	Lakes/ Ponds
Grassland	Savanna	

WHERE DO THEY NEST? (CIRCLE)

In tree branches	Underground	
On the ground	In cacti	

HOW MANY EGGS DO THEY LAY?

OWL CONSERVATION CHALLENGE

WHAT THREATS DOES THIS OWL FACE?

Circle each threat your owl faces.

Tip: Use the IUCN Red List for the most accurate information about their threats and conservation efforts. Search your species (you may need to use its scientific name) and scroll down to the “Threats” section.

HABITAT LOSS
(INCLUDING DEFORESTATION)

**CLIMATE
CHANGE**

DISEASE

**HUNTING/
POACHING**

POLLUTION

WILDFIRES

**SPREAD THE
WORD**

Create 2 flyers to raise awareness about your owl species. Include:

- Fun facts and art to grab people’s attention
- Information about threats owls face
- How we can protect them.

Ask 2 businesses (libraries, coffee shops, community centers, etc.) in your local community to hang your flyers to raise awareness about threats to owls.
