Their large eyes help them...

WINGS

Their wings help them...

TALONS

Their sharp talons help them...

SECRETARYBIRD CHALLENGE

Compare and contrast secretarybirds and eagles, another powerful bird of prey. Follow the prompts below.

1. DIET

Do secretarybirds and eagles have similar beaks? Why or why not?

2. LEGS

How does having long legs benefit secretarybirds? Why don't eagles have long legs?

3. EYES

How does having large eyes benefit secretarybirds and eagles? What do you think it helps them find?

4. WINGS

Who relies on their wings more, secretarybirds or eagles? Why?

5. TALONS

Do secretarybirds and eagles have similar talons? Do they use their talons in a similar way?
