July 2025

Dear Customer

We're improving your supply of wonderful water

Every so often, we need to replace old water pipes due to leaks and bursts. We're investing around £2.7 million on the water pipe network in your area to ensure supplies of Wonderful Water for the future.

We are currently installing a new main in private land. We are pleased to say we now have a plan to install nearly 2km of brand-new water mains in the area to make the water network more resilient

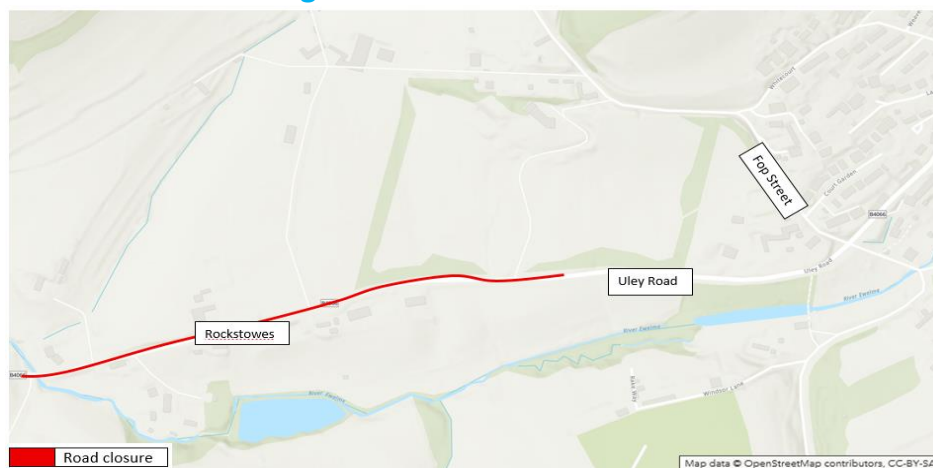

Important information

We will be installing a new water main along Uley Road. Work will start on the 21 July 2025, and we aim to complete this by the end of October 2025. For our team to work safely and quickly we have agreed with the local authority to close the Uley Road between Sheephouse Farm and Angeston Court. Please see plan below.

Thank you...

We appreciate that it can be inconvenient to have this work happening near you - but please be assured that we along with our contract partner, Watertight Management Ltd will do everything we can to minimise any disruption. **We'll do our very best to keep to the above dates, but they may change due to circumstances beyond our control.**

Where we're working

Who can I contact?

- you can get in touch with me on **07766510302** during normal office hours. Please remember to quote the project title; Mythe Leathern Bottle.
- If you have a query out of office hours, please contact our 24hr Customer Contact Centre on **0800 7834444**

Yours faithfully,

Janine Billington, Community Communications officer,

Severn Trent
