
Trenchless Drilling Underground Tool Insurance Program

Insurance Program Summary

This document provides a summary of the key features, terms, and conditions of the Trenchless Drilling Underground Tool Insurance Program. This summary is intended for informational purposes only and does not represent the full scope of policy terms. All coverage is subject to the complete insurance policy and applicable endorsements.

1. APPLYING FOR COVERAGE

- A completed Equipment Coverage Data (ECD) Form and a drill profile/schematic must be submitted for each job to be insured.
- Coverage applications are submitted on a per-well basis.
- All applications are subject to underwriter approval, which must be obtained before tools are deployed below the surface. Coverage is not effective until formal confirmation is issued.

2. COVERAGE LIMITS

- The maximum limit of insurance coverage available under this program is USD \$1,000,000.

3. DEDUCTIBLE

- The deductible is 10% of the insured loss, subject to a minimum deductible of \$10,000.

4. PREMIUM CHARGES

- Premium is charged on a per ft/m rate for each drill in the job.

5. CLAIMS

- The insured must notify the underwriter by email within 30 days of the date of loss.
- Upon filing a claim, coverage for that well ceases. Any subsequent operations (e.g., sidetrack or re-entry) will require a new application and approval for coverage.

1. NAMED INSURED

Company Name			Contact Name	
Address			Contact Phone Number
