Delivery & Safety

- **New Schedule:** Check the district's specific attachment for updated times and locations—these have changed from last year.
- **Food Temps:** To keep things safe, expect some items (especially breakfast and weekend kits) to be delivered **cold or frozen**.

Quick Tips for Parents

- **Be On Time:** State regulations are usually very strict about delivery windows; if you're a few minutes late, the van may have already moved to the next stop.
- **Storage:** Since some items arrive frozen, bring an insulated bag or a small cooler if you have a long walk or drive home from the drop-off point.
- **Ensure Safety:** Please keep children off of the road and do not allow them to approach delivery vehicle before it has completely stopped.
