For runners seeking protection from blisters and the elements, our Moh-Rino yarn reduces friction, repels moisture, and naturally thermoregulates. Fans of our Blister Resist models can now enjoy this no cushioning, natural fiber sock.

**Mohair-Merino Blend**

Mohair fibers are naturally thermoregulating and great at wicking moisture, so your feet stay cool in the summer, warm in the winter, and sweat, blister and odor-free year-round

**Ventilation Panels**

Allow hot air to escape, keep feet cool and comfortable.

**Targeted Compression**

Compressive arch band ensures consistent fit and keeps the sock comfortably in place on your foot throughout your run

**Seamless Construction**

Minimizes excess material inside the socks, reducing friction.

**Extra Deep Heel Pocket**

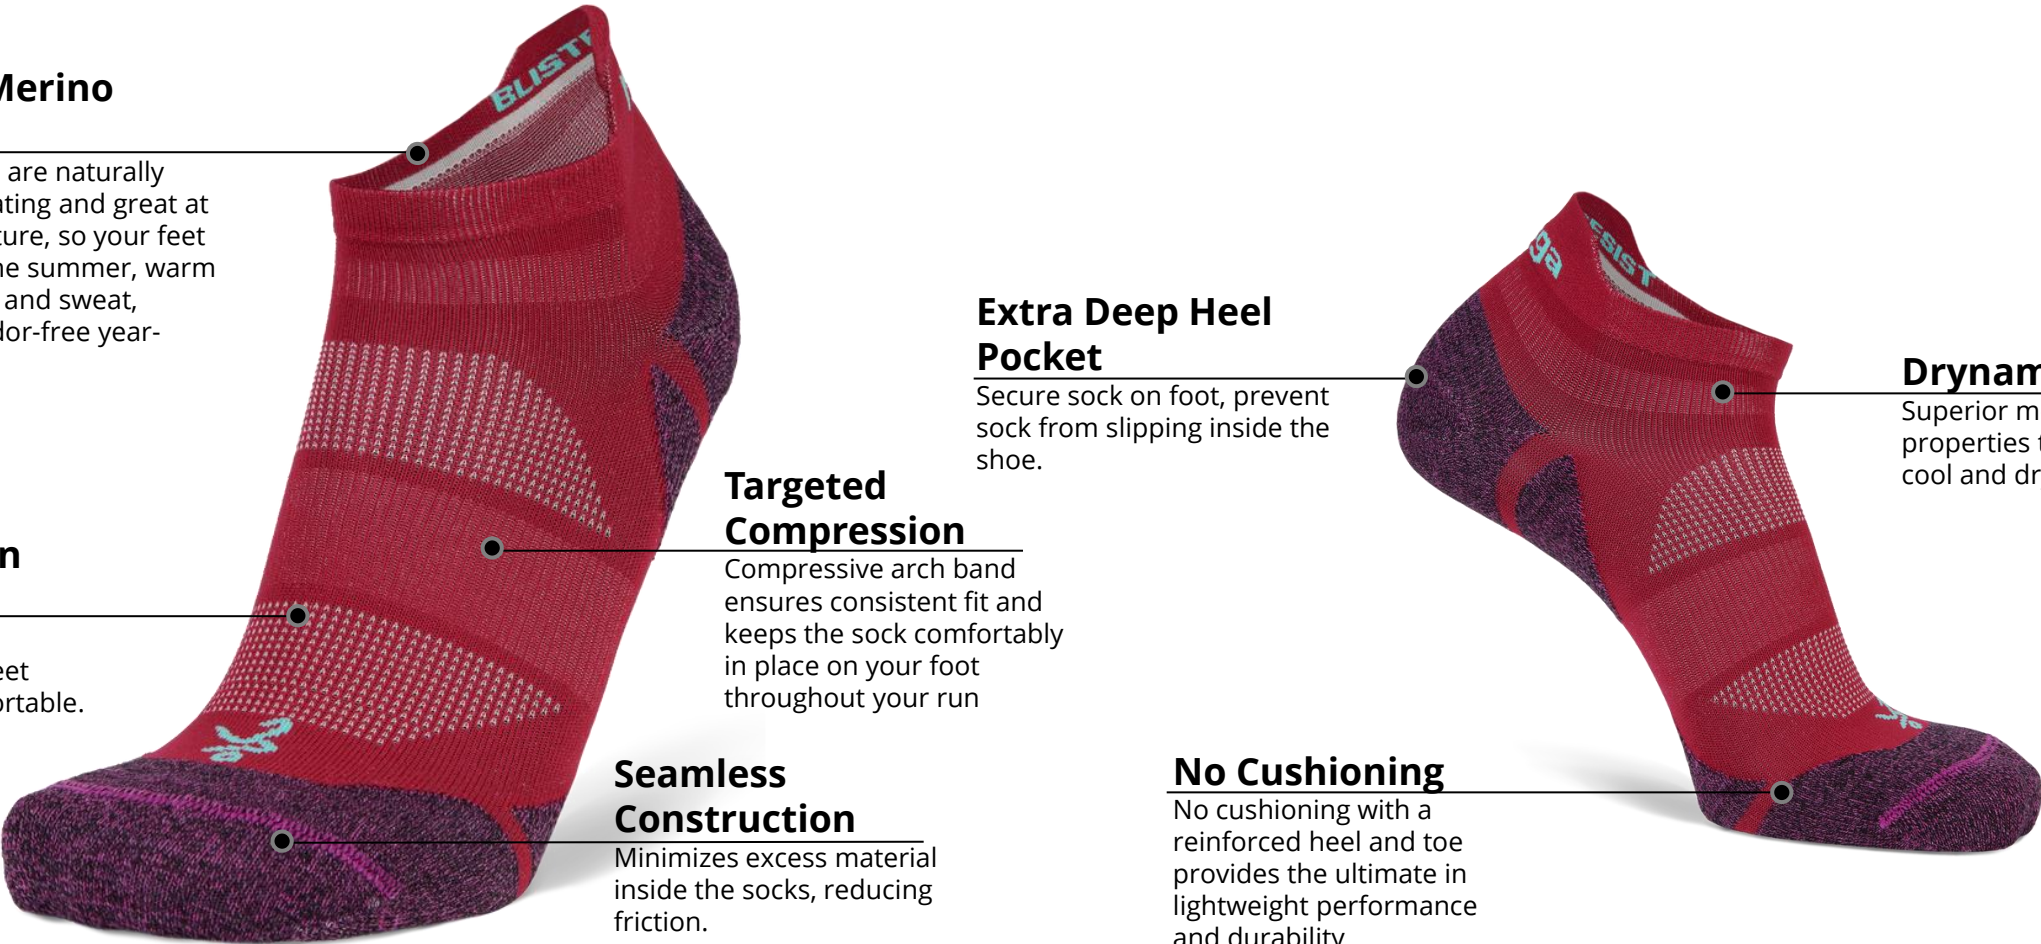

Secure sock on foot, prevent sock from slipping inside the shoe.

**No Cushioning**

No cushioning with a reinforced heel and toe provides the ultimate in lightweight performance and durability

**Drynamix Yarn**

Superior moisture-wicking properties to keep feet cool and dry.

For runners seeking protection from blisters and the elements, our Moh-Rino yarn reduces friction, repels moisture, and naturally thermoregulates. Fans of our Blister Resist models can now enjoy this no cushioning, natural fiber sock.

The Balega Hike Performance sock is engineered for optimal comfort and support on demanding trails. Our advanced Drynamix™ blend of traceable Merino wool and Tencel™ Lyocell provides exceptional temperature regulation, moisture management, and softness. Strategic cushioning, including selective ankle padding and a lace buffer on top of foot, combined with full foot compression and precision fit, deliver unparalleled performance and blister prevention. Innovative venting and a left/right specific design maximize comfort and reduce friction, providing the ultimate in Balega performance hiking sock technology.

**Extended Heel Wrap**

Protects Achilles from irritation caused from extended miles in a higher cut hiking boot, paired with a Balega signature deep “Y” heel stitch, keeps your sock squarely in place.

**Mid-Foot Compression**

Mid-foot to heel compression holds sock in place and adds support to arch.

**Ventilation Panels**

Allow hot air to escape, keep feet cool and comfortable, placed on leg and over top of foot on Hike and Hike Performance models.

**Extended Toe Cap Cushioning**

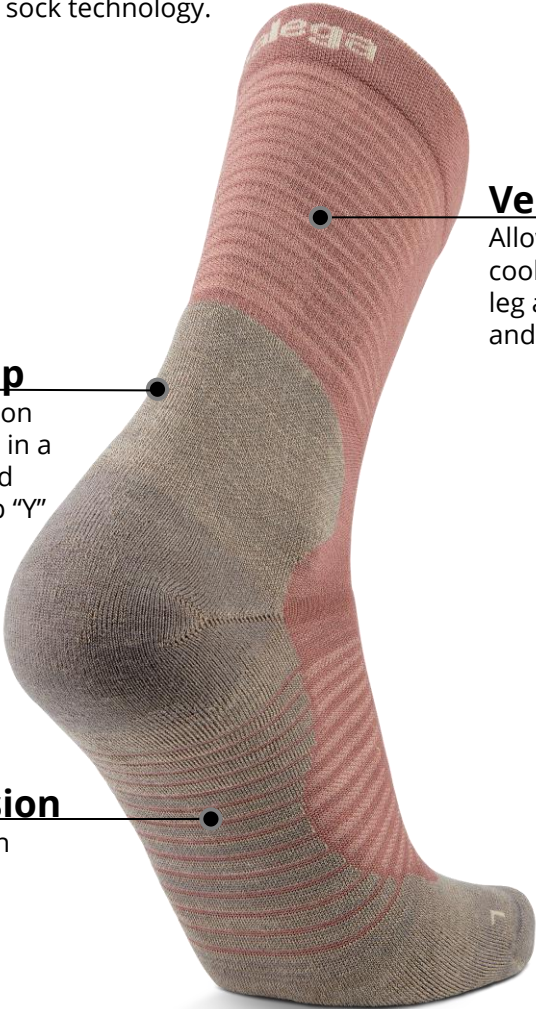

Seamlessly constructed toe cap cushioning extends further up toe to protect from long push-off phase of the hiking stride.

**Performance Fit**

Left and Right specific construction, provides elevated fit experience, and reduced excess material, preventing irritation.

**Lace Buffer**

Strategic cushioning added over top of mid-foot to protect against pressure caused by long days in hiking footwear.
