

BADGES + JOURNEYS

Badges and pins are earned by pursuing new skills in categories like leadership, outdoors, entrepreneurship and STEM. These are official and go on the FRONT of your sash, apron or vest. There are specific requirements that must be met in order to earn each badge or pin, which will be provided to you by your troop leader once they are earned.

Journeys are a SERIES of badges that can be earned in levels. For example, a Girl Scout may choose to pursue the Outdoors journey, which is a series of badges that build upon a variety of outdoors skills.

Journeys also go on the FRONT of your vest, apron or sash, and are assembled in a pattern. These will be provided by your troop leader as you earn them.

Patches represent the fun activities we do as a group, and they go on the BACK of your vest, apron or sash. Patches will be provided by your troop leader at the end of any applicable field trips or events.

Want to pursue a specific badge, journey or patch? Talk to the troop and let's make it happen!

For families interested in completing badgework on their own time can reach out to us at
