

2025 Sustainability Product

Murray Irrigation is offering customers access to additional water delivery through the WaterWell Sustainability Product.

80GL of water is available at \$190 per megalitre (ML).

How to order

The offer is exclusive to Murray Irrigation's customers who are within financial terms with the company. Eligible customers are invited to submit an **Online Expressions of Interest (EOI)** via the Customer Portal.

EOI open **Wednesday 6 August 2025** at 9.00am and close **Wednesday 13 August 2025** at 5pm.

Eligible participants will receive an offer for a volume of water. They can either accept or reject the offer online (using their customer portal).

Water will be made available within two days of accepting the offer.

EOI open

EOI close

6 Aug - 13 Aug

More ways to pay

Murray Irrigation has introduced delayed payment options to better align with farm income cycles, allowing Sustainability Product customers to manage their cash flow throughout the season.

Simply select from the following payment terms during acceptance:

60 DAYS interest free

- Standard MIL terms
- Payment due **60 days** from acceptance of water transaction
- **No interest**

5 MONTHS @ 9.85% interest

- Payment due **25 January 2026**
- Interest charged at **9.85%** from day one post acceptance of water transaction

10 MONTHS @ 9.85% interest

- Payment due **25 June 2026**
- Interest charged at **9.85%** from day one post acceptance of water transaction
