

Subscribing to Algae Alerts on WaterInsights

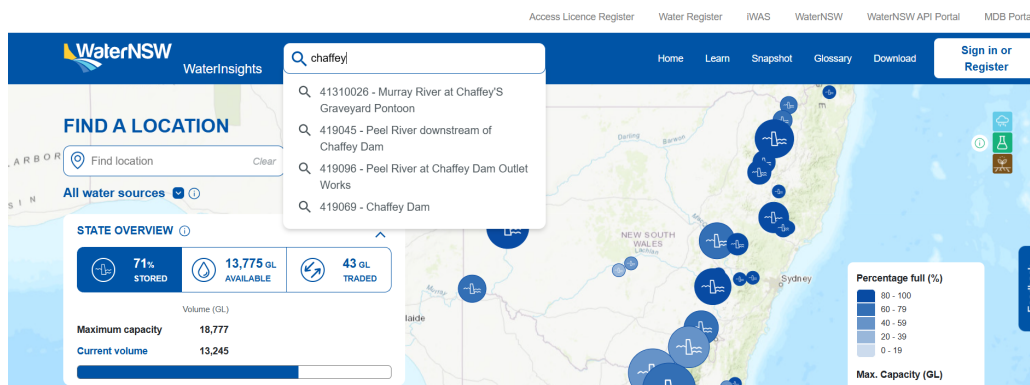

Follow these step-by-step instructions to subscribe to receive blue-green algae alerts directly from the WaterInsights website.

Sign in to WaterInsights

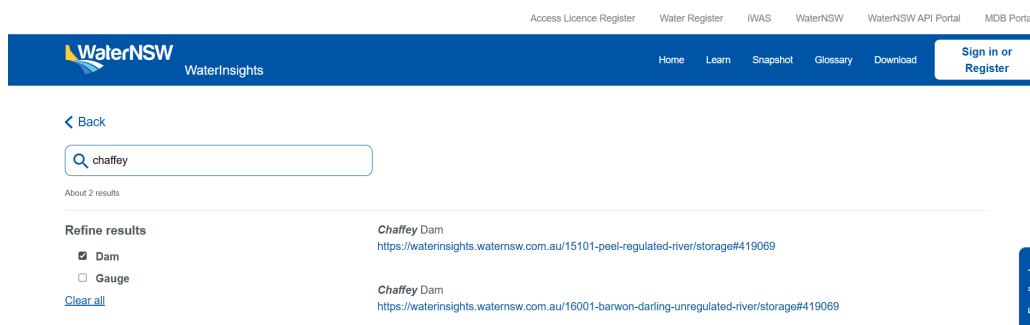

1. Go to the [WaterInsights](https://waterinsights.waternsw.com.au/) website <https://waterinsights.waternsw.com.au/> and click the “Sign in or register” button at the top right corner of the page
(If you don't already have an account, follow the instructions to create one.)
2. Once logged in, your first name will appear in the top right corner of the page

Navigate to the Water Source

1. Use the search bar at the top of the page to search for the relevant storage (eg. *Chaffey*). Type the name and press Enter.

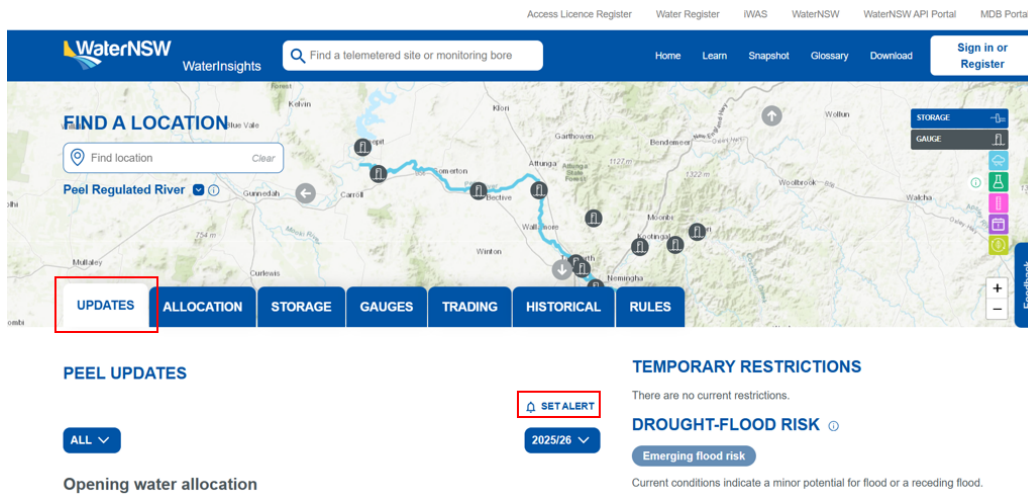

2. On the search results page, refine the results by selecting “Dam” from the filters on the left-hand side.

3. Click on the appropriate result to go to the storage page for that water source.

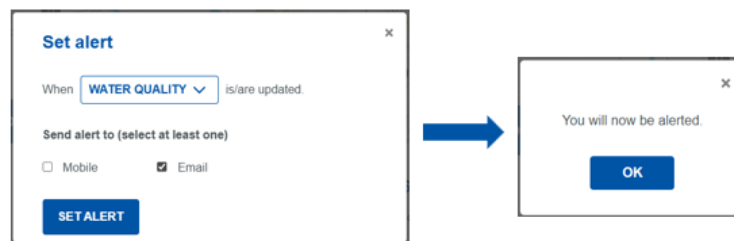

Subscribe to Algae Alerts

1. Click the "Updates" tab, then click the "Set Alert" button.

The screenshot shows the WaterNSW WaterInsights website. The 'Updates' tab is highlighted with a red box. Below the navigation bar, there are sections for 'PEEL UPDATES' and 'TEMPORARY RESTRICTIONS'. The 'SETALERT' button is highlighted with a red box. The 'DROUGHT-FLOOD RISK' section shows 'Emerging flood risk'.

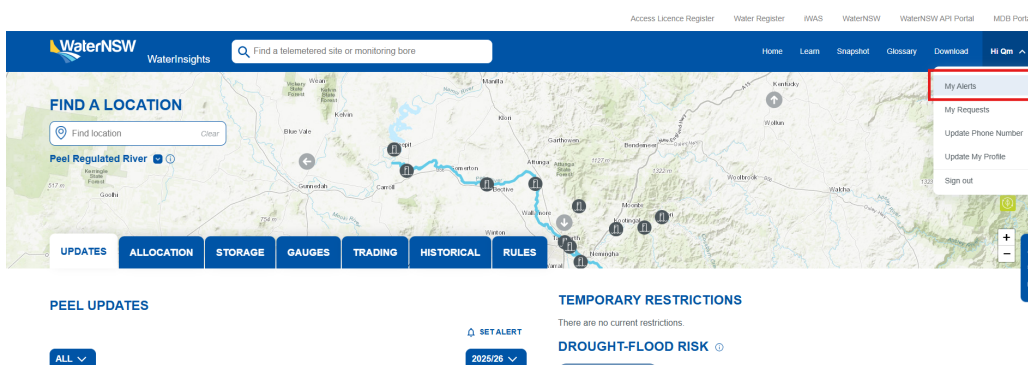

2. In the popup:
 - a. Select "Water Quality" from the dropdown menu.
 - b. Choose your preferred alerting method (e.g., email or SMS).
3. Click the "Set Alert" button to confirm your subscription.

The screenshot shows a 'Set alert' popup form. The 'When' dropdown is set to 'WATER QUALITY'. The 'Send alert to' section has 'Email' selected. The 'SETALERT' button is highlighted. A blue arrow points to a confirmation message: 'You will now be alerted.' with an 'OK' button.

Manage alerts

1. Go to [manage alerts](#) page or click user name menu on the top right corner and select "My Alerts" from the menu

The screenshot shows the WaterNSW WaterInsights website. The 'My Alerts' menu item is highlighted with a red box in the top right corner. The 'Updates' tab is also highlighted with a red box.

2. The page shows all the alerts you're subscribed to and allows you to modify how you're notified and the frequency.

My Alerts

My Requests

MY ALERTS

This page allows you to modify how you are notified and the frequency. If the mobile option is disabled or if you wish to change the mobile number, please go to "Update phone number" to update or verify your mobile number. To set an alert, click the "set alert" button beside a gauge on the gauge tab or at the top of the update tab.

Gauges / Water Source	Condition	Mobile	Expires on	Email	Expires on
Bundaberg Regulator (410190) Edit / Remove	Storage water level above 5.00m	<input type="checkbox"/>	-	<input checked="" type="checkbox"/>	09-Sep-26
Peel Regulated River Remove	Water quality type update	<input type="checkbox"/>	-	<input checked="" type="checkbox"/>	17-Sep-26
