Welcome to the CCA family! Whether it’s advocacy, networking, innovative technology solutions, or opportunities for education, CCA provides a variety of ways to engage and maximize your membership.

**ADVOCACY**

Our mission is to advocate on behalf of our members' interests and educate policymakers on the key issues that impact our members' ability to compete, survive, and thrive in the industry.

- **Wash Reps** – All members can join CCA’s Washington Representatives Group (Wash Reps) which meets weekly to discuss current policy updates and strategy affecting CCA members’ most important issues.

- **Take Action** – Continually updated with key policy issues, pending legislation, and access to voter resources, our Take Action advocacy tool allows members to quickly and easily write your Members of Congress about competitive issues.

- **Capitol Hill Day** – CCA’s annual Capitol Hill Day provides members the opportunity to meet with Members of Congress and their staffs to talk about CCA’s most important policy issues. Participants learn about key advocacy positions and are provided with pointers and tools to advocate during these important meetings. All CCA members are welcome and encouraged to attend, seeing first-hand our advocacy at work!

- **CCA PAC** – CCA’s Political Action Committee, CCA PAC, increases awareness about competitive carriers and supports candidates for federal office who advise or hold policy-making positions impacting our members.

**EVENTS/EDUCATION/NETWORKING**

- **CCA Events** – CCA hosts the Mobile Carriers Show each spring and Annual Convention each fall. Members save big on registration and exhibiting!

- **Exhibit or Sponsor a Show** – Enjoy heavy promotion online and in person in front of more senior decision makers from more carrier organizations than any other trade show in the United States.

- **Plan Educational Sessions** – Join the Events Committee to decide which topics and sessions will be covered at each show alongside fellow CCA carrier, associate, and affiliate members.

- **Committee Involvement** – Make new industry connections through our active committees. The Associate Member Committee, the Washington Representatives Group, and the Events Committee are open to all members. The Business Innovation Group (BIG) is a carrier committee dedicated to seeking emerging and innovative solutions. All associate members are invited to present solutions to the BIG.
CCA MEMBER BENEFITS

BUSINESS DEVELOPMENT

- **Industry Development** – CCA provides members with a platform to help meet business and industry goals. The Business Innovation Group (BIG) identifies and prioritizes top carrier challenges, while seeking new and innovative solutions from CCA associate members. The BIG is chaired by three members of the CCA Board of Directors and was designed as a vehicle to collaborate, educate, and share technological and business solutions among members.

- **Marketing Engagement Partnerships** – CCA provides members with a marketing partnership opportunity in exchange for a small revenue share that directly helps support CCA’s advocacy agenda. The resulting programs provide solutions designed to support a healthy wireless ecosystem, address top industry challenges, and they oftentimes result in big savings for CCA member companies.

- **Membership Directory** – You will receive the full directory, including contact information, for all CCA members. The directory is published annually and is only available to CCA members. Printed and digital copies are available.
