The choices for OFS related persons are Visitor, Aspirant, Inquirer, Candidate, Professed, or Temporary Professed. Only Candidates and Professed (either permanent or temporary) are formally members of our order.

Refer to the Profession and Membership Status Primer, found in the OFS-USA Database User Guide, under Special Topics "Profession and Membership Status Primer for the definitions and categories that can be assigned.

20. Dealing with transfers from another fraternity (active members)

Fraternities should follow the procedures of the 4-page OFS-USA Transfer Form of the National Fraternity of the Secular Franciscan Order, approved December 2022.

The professed member informs the Council of the fraternity to which he or she is a member; and then makes the request, including the reason(s) for the transfer, to the minister of the fraternity to which he or she wishes to transfer. The Council makes its decision after having received the necessary information in writing from the fraternity of origin.

Before the transfer is complete, there must be a period of discernment (a minimum of several months from the submission of the transfer papers, but not more than a year). Modification of this time frame is left to the discretion of the receiving fraternity Council. During this time the transferring member and the Receiving Fraternity get to know each other. In addition, the Minister of the Receiving Fraternity must consult with the Minister of the Fraternity of Origin to obtain additional details about the transferee not contained in the transfer form.

When a professed member transfers from another regional fraternity, he or she may not run for a local or regional executive council position in the new region for several months after the transfer is complete.

22. Dealing with the return of inactive members (voluntarily withdrawn, suspended or inactive transferees)

Fraternities should handle these situations as follows:

1. Voluntarily withdrawn or suspended members must make a written request to be readmitted in accordance with Article 57 of the General Constitutions. The council shall then decide based on the relevant facts.
2. Prior to accepting the return of an inactive professed member (including transferees), or one who had voluntarily withdrawn or had been suspended, the local fraternity will exercise a period of discernment (recommended 9-12 months) during which time the member faithfully attends fraternity gatherings and participates in fraternity life. The local formation team and fraternity council will determine the necessary formation for the member using the current formation materials of BSSF Region. After the formation deemed necessary for this member and a secret vote by the council, the return/transfer will be approved or declined. The specific reasons for the decision of the council must be clearly documented.
3. Candidates who withdraw or are suspended from formation and wish to return later must start the formation process at the Orientation phase.

21. Affiliates with a Local Fraternity

Affiliation is a special form of association: “Those who, without belonging to the O.F.S., wish to participate in its life and activities (see GC Art. 53.5 and 103.1) according to Franciscan principles and teachings, may be welcomed by the local fraternity, so as to make their communion living and effective” National Statutes, Art. 18.13). Our association with the affiliates is a more formal recognition of the individual's desire to share our Franciscan fraternal life.

The interested individual is encouraged to attend gatherings for six months prior to requesting affiliate status to allow for proper discernment by both the individual and the community as to the benefit of the relationship.

The BSSF Region recommends that “The affiliate will have his [her] own orientation phase to help develop an understanding of who we are as Secular Franciscans and to more fully experience and embrace the charism and priorities of St. Francis.” (O.F.S. Affiliate Educational/ Instructional Plan). It is the responsibility of the formation director to provide guidance during this orientation phase.

It is the local council's responsibility to discern the affiliate's Ongoing Process of Affiliation with the fraternity. Affiliates are required to submit a written request for renewal every two years.

It would be judicious for the local council to: thoughtfully read all referenced documents, understand, dialogue with membership, and agree with each other when considering someone for association as an affiliate in your fraternity.
