WELCOME

to the

WHIDBEY ISLAND FAIR

Grand Marshal Mike Gallion

Mike has been involved with the Whidbey Island Fair in some way since 1952. He has entered items for display, been involved in 4-H with the original South Whidbey Centaurs horse club, and manned a commercial booth at the young age of 15.

Mike helped start the 4-H South Whidbey Photography club in 1969-1970. Mike has judged 4-H and open class photography for the fair as well.

He later went on to co-found the Fishing club of Whidbey Island and had a tent at the fair for many years for fishermen to stop in and talk about all things fish.

In 2021, Mike became involved with the Bunyan Buster Log show, and in 2022, he became a member of the Fair Association, and Board Director for the log show.

Mike tirelessly attends many meetings to keep the Association updated about necessary information. He performs at the log show during the Fair and at other extracurricular Fair Board activities. Mike has a strong passion for the Fair and keeping it going strong for all upcoming generations!

As a member of the Centaurs, one of Mike's favorite memories was riding a horse in the parade and carrying the American flag. Being our Grand Marshal and being in the parade has brought him full circle back to all of those happy memories.

FAIR ASSOCIATION HISTORY

Roots of the Island County Fair go back to 1912, when it was established in Coupeville by a private company known as the Island County Fair Association. But the fair needed to draw its audience from all of Whidbey Island, and for South Whidbey residents back then, the trip to Coupeville was difficult and expensive. Traveling by horseback or carriage, it was a 20- to 30- mile journey, which necessitated an overnight stay. Excursion boats brought passengers from Camano Island and various points on Whidbey Island, but the fair attendance remained poor and the fair died out in 1916 for lack of support.

Langley resurrected the fair in 1917 on the town's waterfront. In 1922, it was moved to the town's school gymnasium, and the following year the fair was organized as a nonprofit organization funded by memberships. By the late 1920's, there were better roads and auto travel. The fair prospered and in 1934 - one of the worst years of the Great Depression - the Fair Association built the pole building on property adjacent to the school. Using support from the WPA (Works Progress Administration), the Association purchased a six-acre chicken ranch near the school and construction began on a large fair building, completed in 1937. During the next three decades horse barns and exhibit halls were added.

The Association continues to operate the Fair annually. In 2015 the Port of South Whidbey acquired the property from Island County and continues to work with the ICFA to maintain the property and support The Whidbey Island Fair.

Welcome

to the Whidbey Island Fair Ambassador Program

The Whidbey Island Fair is excited to launch a brand-new program just for high school students who are Juniors or Seniors. Our goal is to increase awareness of the Fair and the opportunities it offers, encourage island-wide participation, and create meaningful ways for young adults to get involved. This is your chance to make a difference in your community, and be part of Whidbey Island's favorite tradition.

Through this program, you'll build leadership and public speaking skills, gain real-world experience, and connect with other students and community members. You may even discover talents you didn't know you had—all while having fun and building your résumé.

We're looking for enthusiastic, outgoing students who are eager to be involved with the Fair, contribute to its growth, and help ensure it remains a cherished community event for years to come. If you're ready to step up, meet new people, and help create an unforgettable experience for the whole island, we'd love to hear from you!

Madison Guzman

Madison has been involved in 4-H for 10 years. She has also been a cheerleader and performed with Whidbey Island Dance theater. A recent graduate from South Whidbey High School, Madison also attended Sno-Isle Tech school and was in the Medical Assisting program. Madison has a great work ethic and wants to lead by example.

She has a fondness for the fair and believes it creates a connection with the community. She is proud to have been able to participate in the fair because it has given her a second family and a wealth of memories that will stay with her forever.

Maliya Thrasher

Maliya is a lifelong resident of Whidbey Island and just recently graduated from South Whidbey. The fair means a lot to Maliya for many reasons, her grandfather was born and raised here as was her mom. Some of her fondest memories include the fair and entering her own creations. She has also volunteered for the fair in numerous areas the last few years.

Maliya has also participated in many additional activities. She attended the Skill Center Technical School for Medical Assisting and Early Childhood Education; she also volunteered and competed with Island Dance. Maliya is hoping to become a Kindergarten teacher.

We would like to thank Madison and Maliya for joining us for our introduction of this new program. They have been a great help and addition to our team. Watch for these great ladies around the Fairgrounds. They will be here helping and participating in many areas!

The Whidbey Island Fair proudly supports our County 4-H programs. Please visit the barns, ask questions and learn more about the animals from our Youth. Here you see the clubs and what their focus is and what area of the Island they are on.
