A Personal Message

from David Fisher Jr.

In 2009, after a long career managing funeral homes and cemeteries for a large international funeral corporation, I decided to create a simpler, more affordable way to arrange funeral and cremation services. That vision became Simplicity Funeral & Cremation Care.

We offer a convenient online arrangement process and a practical, compassionate approach. There is no need to visit an office. I can meet with you at home or another convenient location. If you prefer, we can also meet at one of several funeral home locations throughout the southern and western suburbs.

I am fully licensed by the Illinois Department of Financial and Professional Regulation - Illinois License #034-014435. I am also a member of the National Funeral Directors Association and the Green Burial Council.

My goal is to provide caring and compassionate service at an affordable price. I believe every family deserves to be treated with respect, honesty, and understanding during a difficult time.

"A simpler approach. A more meaningful experience."

Honoring Life Should Be About What Matters Most.

Our Promise to Your Family

No Pressure
You will never be pressured to buy anything you do not need or want.

No Hidden Fees
I offer a clear and transparent process with a "No Hidden Fees Guarantee."

Personal Care
A simpler, more affordable approach to planning funerals and cremations.

Affordable care should always include the respect and professionalism your family deserves. These values are part of who I am and how I do business. My commitment is to provide a simpler, more affordable, and more convenient way to honor the person you love.

Respectfully,

David Fisher Jr.

Outer Burial Container Price List

Effective December 1, 2026

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

Helpful Information

Answers to common questions.

What is the difference between a funeral and a memorial service?
A funeral service typically takes place with the body present. A memorial service honors the person without the body present; cremated remains may be present.

What is included in the price?
Each plan lists its included services and merchandise. We will explain additional selections and outside charges before you authorize them.

Can we personalize the service?
Yes. Music, photographs, readings, favorite flowers, keepsakes, and other personal touches can help the service reflect the life of the person you love.

Can family members participate?
Yes. Family and friends may share readings or memories, select music, serve as pallbearers or take other meaningful roles.

Can arrangements be made without visiting an office?
Yes. We offer online arrangements and can meet at your home or another convenient location.

What if our family is unsure what to choose?
You do not need to make every decision before contacting us. We will explain your options without pressure.

Can we include special traditions or customs?
Yes. Tell us what is important to your family, and we will discuss ways to incorporate meaningful traditions, customs, or personal wishes.

What should we do first when a death occurs?
Call us at 630-445-1439. We will guide you through the immediate next steps, answer your questions and explain what information we need to begin helping your family.
