Meaningful Funerals offer support, continuity and hope

Selecting a casket is an integral part of making funeral arrangements. Several factors influence your choice and determine its value. Choose from a variety of materials, designs and features to make the casket special for the funeral service you arrange.

- MATERIAL: WHAT IT'S MADE OF

  Caskets are commonly available in either metal or wood. We provide a range of styles in a variety of metals and wood species, so you can choose the right casket for your loved one.

- DESIGN: WHAT IT LOOKS LIKE

  Details make a difference, including considerations such as quality of interior fabrics, color and level of finish, shape – from simpler, lower-priced square caskets to higher-value rounded urn designs, and how handles and other hardware complement the casket's overall appearance.

- SPECIAL FEATURES: WHAT IT DOES TO REPRESENT YOUR LOVED ONE'S LIFE

  Some products allow you to participate in the final design and reflect individual interests, passions and history. They provide an opportunity to personalize with meaningful words, symbols or other reminders of a one-of-a-kind life story.

Living Memorial® PROGRAM

We will help you honor your loved one with a lasting legacy—at no additional cost to you.

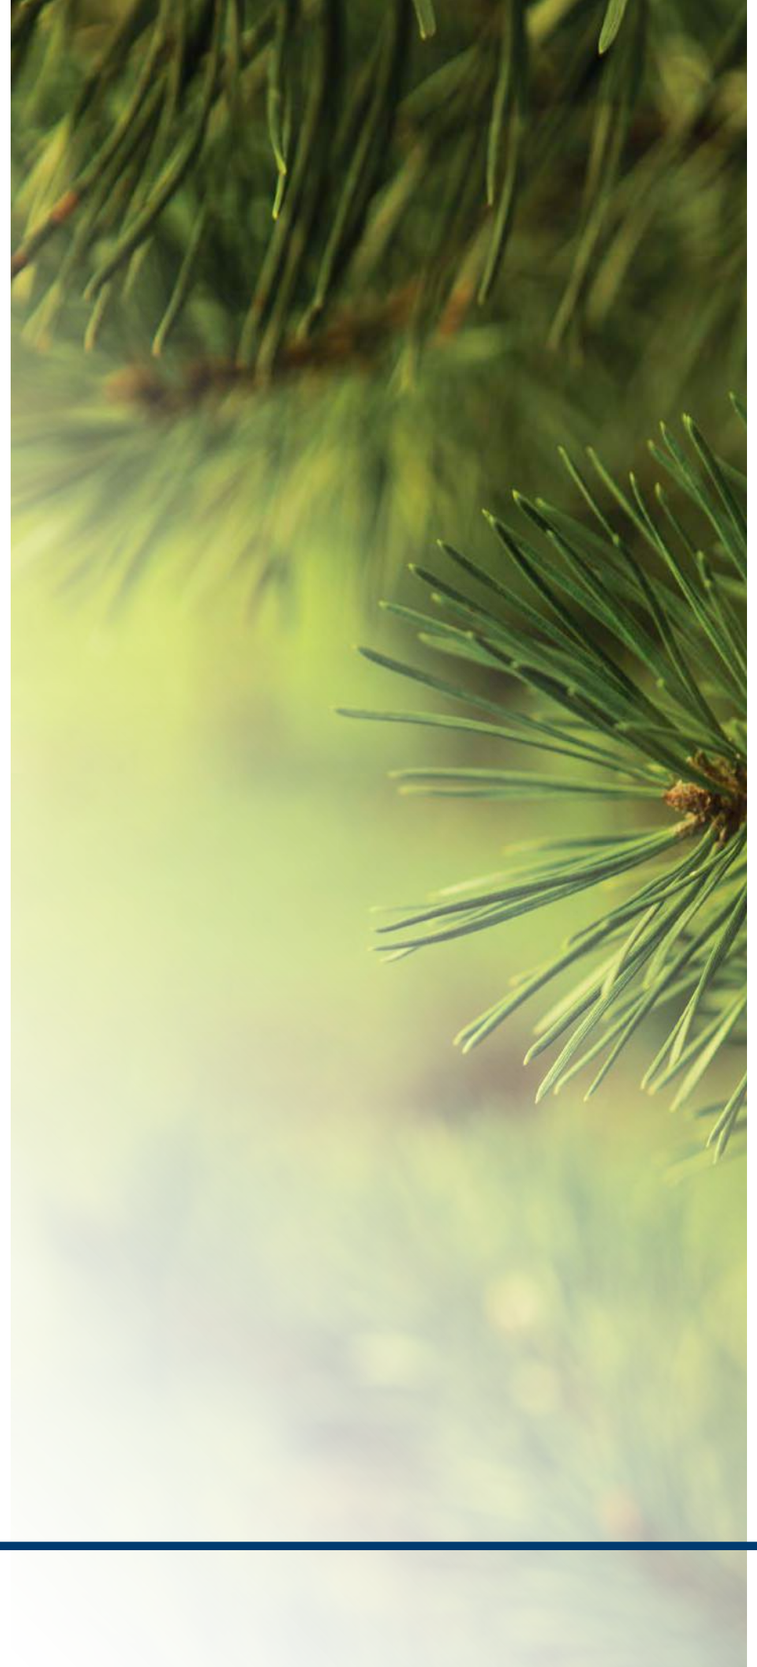

Included with many of the products featured in this catalog, we will arrange for a tree seedling to be planted in a national forest or woodland.

This fitting tribute provides for trees that shelter wildlife, reduce erosion and contribute to the purity of our air. Since 1976, the program has been a major contributor to reforestation, with trees planted as lasting, living memorials.
