

# Central West Seasonal Produce

## SUMMER

During summer in the Central West, orchards overflow with cherries, berries and sun-sweet stone fruits, while vineyards and gardens brim with grapes, figs, tomatoes, corn, cucumbers, zucchini, eggplant, beans and leafy greens—perfect for wandering rows and picking your own produce under warm country skies.

## PYO TIPS

- **Check ahead:** Pick Your Own (PYO) availability can vary based on weather and how the season progresses. It is highly recommended to check an orchard's website or social media page for updates before you visit.
- **Bookings are often required:** Some orchards require advance bookings, especially for weekend visits. Check their booking information to avoid disappointment.
- **What to bring:** It is advisable to bring your own bags or buckets for picking, and wear comfortable covered shoes, hats and sunscreen.
