Future of Holy Trinity School Building: During the HT Finance Council meeting on Oct.17, the main issue discussed was the future of our school. In the previous months, concerned people expressed the need to maintain the building for historical purposes. For that reason, there was a third party’s proposal for purchasing and developing apartments, requiring some spots for parking in front and side, boundaries marked and utilities separated. The estimate for demolition comes to \$250,000.00 and it is a lot of money. So what is the best option we can take? We wish to hold an open forum for the parishioners in the months ahead. Please continue to reflect, pray, and discern what will be the best option.

Thank You!! On behalf of the Church Fest Committee I would like to thank everyone who helped us with these two events. We appreciate all of your time, talent and sharing of treasures! When we get our Financial Report done for both events, we will share the information with you. Know that we made money from both events so this is good news! More information later. *Bonnie Kalmes, Chair of Church Fest Committee.*

My Dear Parishioners,

The folklore of all cultures is filled with stories of fateful choices. People find themselves in front of two doors—one door leading to disaster, one to untold bliss. Robert Frost's famous poem "The Road Not Taken" underscores the fact that our lives are forever changed by the choices we make. Week after week, we are offered a choice to declare to others and to our God to whom we belong—the small god of money and possessions, or the great God whom Jesus called Abba (Jesus spoke Aramaic, and this word means Daddy or Papa).

On Sunday some of us simply drop into the offertory basket what we think is good enough, or perhaps a habitual amount that we will never miss, or what we just happen to have in our pocket. How about a different approach? Whenever we receive a financial blessing, whether from a weekly paycheck, a personal allowance, an appreciation of investments, a sales bonus, or even a lottery windfall, first and foremost let's thank God for this blessing. Then take a portion—the amount is up to us—and share it gratefully with others: half to build up the Church, and the other half to good causes you favor. This places God as the highest priority in our lives. In gratitude for God's overwhelming love for us, we give back a portion of what we have received, and only then keep the rest for ourselves.

The scriptures challenge us to give this "first fruits," not the tiny part that's left over after we've done what we want. Modern scientific research shows that people who give generously tend to live happier and longer lives. So becoming a grateful giver changes how we think about life, and makes us true stewards of God's constant blessings.

Did you know that the Vatican has a yearly operating budget less than half the budget of a major university? God's work—in the parish, the diocese, and around the world—depends on us. Is your giving generous, or the least you can spare?

Keep smiling.
