## *Winter 2025 Newsletter*

In the last quarter of 2025, we partnered with 55 nonprofit organizations across Davidson, Sumner, and Robertson counties, including:

### Backfield In Motion

provides a free after-school program and Summer Academy that serve over 750 students each year. Students participate in academic tutoring led by certified Metro Nashville Public School teachers, athletic leagues, health and wellness activities, enrichment opportunities, career exploration, and field trips to local corporate partners and universities.

### Nashville Conflict Resolution Center

empowers people to resolve conflict through free restorative mediation services. Each case removed from court involvement represents a \$4,000 taxpayer savings in reduced court-related costs. Successful mediation also prevents crises like homelessness, school expulsion, or job loss that can arise from costly court involvement. Last year, NCRC completed over 600 mediation cases in Middle TN.

### Senior Ride Nashville

provides affordable, assisted transportation for older adults in Davidson County who no longer drive. Door-through-door services help riders access medical care, grocery stores, and social destinations. Rides are provided by trained volunteers and paid drivers to help support independence, reduce isolation, and promote aging in place for 400 older adults annually.
