## Important Notice

### **\*\* NCS Allowances**

Examples above are showing the maximum cost of care. Further allowances may also be available.

Parents/Families,

Please don't forget to register your child for NCS (National Childcare Scheme). The allowances are increasing significantly this coming September 2024.

To register, click on the link below. Send us your confirmation confirming your allowance and we will automatically deduct the amount from your first invoice and each month following.

NCS Application: <https://www.ncs.gov.ie/en/>

All qualifying families will be awarded the minimum amount of €2.14 allowance against their childcare cost per hour. For example, if you opted for 5 days after school care, the cost of care would significantly reduce to a **cost of €68.50** per week.

That's a **minimum saving** of **€53.50** per week!
